### Siegel Heads Committee to Make Study of Problem; Other Activities

The number one industrial problem in Kingston is low cost housing.

Announcement to this effect was made after a meeting Wednesday night of the Industrial Promotion Committee, headed by Samuel Siegel, president of Kingston Fashion, Inc.

Siegel was elected chairman of the group at the meeting, and Albert Kurdt, executive secretary of the Chamber, will take care of records and correspondence.

Siegel announced that he would confer with Mayor Oscar V. Newkirk to discuss the housing situation, and said his committee would maintain full cooperation with the city administration in any program which may develop.

During Wednesday's session, members of the committee differed widely in their opinions as to how the housing problem might be solved, but agreed unanimously that the problem should be studied.

Other possible activities, to help promote and recognize local established industries were also discussed, but it was decided to study them further and consider them at the next meeting to be held on November 17. The committee would welcome suggestions.

Siegel also stated that his committee will address a letter to all industrial concerns asking them to support the Christmas Decorating Program sponsored by the special citywide committee.

Those present at the first meeting of the Industrial Promotion Committee in addition to Mr. Siegel, were: C. A. Baltz, Jr., Ralph M. Cooper, Edward K. Lefren, Julie Miron, James Quinn, Francis J. Schilling, and Joseph Stout.

### Four Cars Damaged In Broadway Collision

Four automobiles were damaged slightly in an accident on Broadway at East Chester street at 3:40 p. m. Wednesday, according to the police. No injuries were reported.

According to Patrolmen Earl Schoonmaker and James Burns, who investigated, all vehicles were going south on Broadway when the first automobile stopped in a line of traffic near East Chester street and the three following cars "piled up," each striking the rear of the car in front.

The first automobile was driven by Emil Monk of Glenford, police said, while the following cars were driven, in order, by Walter Lane of 75 Albany street, Ernest J. Ryan of 45 Mary's avenue, and Joseph Orr of Port Jervis. Most serious damage reported was to the car of Ryan, who said his front grille, fender and bumper were damaged, according to the police.

### Popular Vote

Associated Press returns at 11:45 a. m. (E.S.T.) Thursday from 122,961 of the country's 135,464 voting units showed the popular vote:

Truman—22,288,519;  
Dewey—20,425,035;  
Wallace—1,030,888;  
Thurmond—887,616;  
Total—44,632,058.

### Taft Goes to Europe

New York, Nov. 4 (AP)—Sen. Robert A. Taft (R-Ohio), interviewed as he boarded a ship for Europe, predicted today President Truman would not repeal the Taft-Hartley Act. "I do think that some amendments will be made," he added. Taft, who sailed with his wife on the liner Vulcania, said he was making the trip to rest and "to get a little better background on European conditions." He explained it was his first visit to Europe in 10 years.

### Eighty-Eighters Split

Eighty-Eight, Ky., Nov. 4 (AP)—Eighty-Eighters split their vote in Tuesday's presidential election. The unofficial tabulation in this south-central Kentucky town gave Truman 35, Dewey 38.

### Noise Near Hospitals Assailed

Captain William T. Roedell, acting chief of the police department, has issued orders to all patrolmen to warn persons against making excessive noise in the vicinity of the hospitals in this city.

Especially annoying to patients, according to complaints which reached the police captain, is noise from wedding parties, "boisterous pedestrians" and vehicles using sirens.

Roedell said today he has contacted the fire department and ambulance drivers in this city, requesting them to use their sirens less while in the quiet zone near each hospital. He also asked that all wedding parties refrain from blowing horns at least within the block in which the hospitals are located.

He said the complaints reached him from persons who have relatives and friends under treatment in both the Kingston and the Benedictine Hospitals.

### Banks Will Send Out Club Checks Totalling \$986,000

Sum Is \$173,000 Above 1947; Kingston Trust Is Head of List

Five local banks this year will send out Christmas Club checks totalling nearly a million dollars, it was learned through a survey today.

The estimated total of \$986,000 is \$173,000 above that of 1947. Three other local banks have no Christmas Clubs.

Nearly half of the total, an estimated \$450,000 will be paid out by the mid-city branch of the Kingston Trust Company, which in 1947 had a Christmas Club total of \$376,000.

The checks are generally mailed between the final week of this month and the first week in December, and a high percentage of the total is used for Christmas shopping.

This year's estimated totals for the five banks and the amounts paid a year ago are:

	1948	1947
Kingston Trust Company (branch)	\$450,000	\$376,000
Kingston Trust Company (main office)	83,000	79,000
The Rondout National Bank	200,000	150,000
State of New York National Bank	100,000	120,000
The National Ulster County Bank of Kingston	75,000	65,000
Total	\$988,000	\$790,000

### Proceedings Postponed

New York, Nov. 4 (AP)—Removal proceedings to compel Rex Ingram, Negro actor, to appear in Kansas City, Mo., to answer a charge of violating the Mann Act were postponed today until Dec. 6. The complaint alleges the 39-year-old actor had a 15-year-old Jeanette Ann Hughes come to New York from her Saina, Kas., home to meet him. She allegedly left by plane from Kansas City. An assistant U. S. attorney requested the adjournment, stating that the grand jury in Kansas City had not yet acted on the matter.

### United Nations Predict Strong U.S. Role in Assembly

Paris, Nov. 4 (AP)—United Nations circles today predicted prompt strengthening of America's predominant role in world affairs as a result of President Truman's return to office.

While both the American and foreign delegations here still sought to overcome their surprise at the election news and its implications, several principal factors emerged:

There will be no waiting period before a new President takes office.

Furthermore, the President in the future can count on support from his party in both Houses of Congress. The position of the American government thus is fixed firmly for at least the next two years.

The United States' bi-partisan foreign policy is being strengthened.

### Dewey Is Accorded Warm Welcome at Albany Station

Defeated Candidate Goes Back to His Job at Capital; Plans Quiet Day

Albany, N. Y., Nov. 4 (AP)—Gov. Thomas E. Dewey quietly went back about the business of being governor of New York today.

The defeated Republican presidential candidate returned to the state capital from New York last night just nine hours after he had conceded the election to President Truman.

Dewey and his family got a warm welcome from a crowd of several hundred persons assembled at the rail station. It was a crowd in sharp contrast to the yelling, shouting throngs which greeted him on his campaign travels.

This one was a sympathetically gathered. There was applause and some cheers but there was a note of restraint in keeping with Dewey's disappointment over losing the election.

With the governor on the trip from New York, where he voted and received the election return, were Mrs. Dewey, their sons, Thomas, 16, and John, 13, and the governor's 70-year-old mother.

Aides said Dewey would take it easy at the executive mansion today, attending only to the most urgent state business.

He told a news conference in New York yesterday he hadn't made any plans yet for a vacation, but that he would like to get down to his farm home at Pawling, N. Y., for at least a week-end as soon as possible.

At the conference Dewey announced on Page Twelve

### Truman Assured Of 304 Votes in Electoral College

Washington, Nov. 4 (AP)—With about 94 per cent of the vote counted, President Truman had won or appeared assured of victory in 28 states with a total of 304 electoral votes.

Gov. Thomas E. Dewey seemed certain to carry 16 states with 189 electoral votes, 77 short of the 266 needed to capture the presidency.

On the basis of incomplete returns at 9:30 a. m. E.S.T., today, only two states—California and Idaho—could conceivably shift against the President. And in both states, Mr. Truman's lead appeared sufficient to give him their combined 29 electoral votes.

With 3,027 of California's 16,800 precincts unreported Mr. Truman had 3,533,153 votes to Dewey's 3,477,223. California has 25 electoral votes.

In Idaho, with 59 of the state's 834 precincts unreported Mr. Truman led 105,395 to 99,502.

The only state now in the Dewey column which conceivably could shift to Mr. Truman is Indiana, with 13 electoral votes.

With 967 of the state's 4,056 precincts still unreported Dewey held a lead of 773,260 to 765,963. In popular vote, returns from 122,349 of the country's 135,864 voting units gave Mr. Truman 22,288,519, Dewey 20,425,035, Henry A. Wallace, the Progressive party candidate, had 1,030,781 votes and J. Strom Thurmond, the States Rights candidate 884,303.

On the basis of incomplete returns Thurmond, the governor of South Carolina, carried four states—Alabama, Louisiana, Mississippi and South Carolina, with a total of 35 electoral votes.

States making up Mr. Truman's anticipated 304 electoral votes are: Arizona (4), Arkansas (9), California (25), Colorado (6), Florida (8), Georgia (12), Idaho (4), Illinois (28), Iowa (10), Kentucky (11), Massachusetts (16), Minnesota (11), Missouri (15), Montana (4), Nevada (3), New Mexico (4), North Carolina (14), Ohio (25), Oklahoma (10), Rhode Island (4), Tennessee (12), Texas (23), Utah (4), Virginia (11), Washington (8), West Virginia (8), Wisconsin (12), Wyoming (3).

States giving Dewey his 189 electoral votes are: Connecticut

### Education, Health, Welfare, Roads, Other Items Covered

Albany, Nov. 3.—State financial assistance to local government in Ulster county, including the county, the City of Kingston and towns, villages and school districts, amounted to \$2,722,937.70 during the calendar year of 1947, State Comptroller Frank C. Moore disclosed today.

This amount was paid to Ulster county and its local units during 1947 for aid to education, welfare, health, highways and for other specific purposes and for the general support of local governmental services.

Last year, for the first time in history, New York state's total payments to its thousands of local units averaged more than \$1,000,000 a day.

Education aid was the largest single item of state financial assistance to local government in Ulster county. It amounted to \$1,307,405.68, including payments under the revised Friedman formula, as well as aid for teachers' emergency salary increases.

Highway aids and payments for snow removal ranked second with a total of \$499,962.92.

Payments for general support of local government totalled \$411,435.89.

Welfare aid totalled \$360,886.19.

The total of financial assistance to the county includes net receipts from the state mortgage tax which is collected in counties.

Since 1944, the localities have received all, instead of half, of the revenues from this tax. Also included in the amount of state assistance are the credits to localities for franchise tax accruals prior to April 1, 1946.

### Wicks' Total Plurality In 4 Counties 28,596

Late returns from Sullivan county gave Senator Arthur H. Wicks an additional 2617 plurality, to bring his total plurality in the four counties of this Senatorial district up to 28,596, with the vote from Delaware and Greene counties being estimated, since no accurate poll has been made.

The vote in Sullivan county was Wicks 9,990, George (D) 7,373, Novogrodsky (A.L.P.) 1458 and Schneider (Liberal) 556.

Plurality figures released from Senator Wicks' office late Wednesday were as follows:

Ulster county 12,879, Green 5,600, Delaware 7,500, Sullivan 2,617.

### Jet Fighter Crashes

Frankfurt, Germany, Nov. 4 (AP)—An American jet fighter plane crashed today in the center of Garmish, killing the pilot and starting two fires. His name was withheld until he may be notified. Another American fighter, an F-47, hit a tree while landing near Neuburg. Its pilot was only slightly injured. The plane was destroyed. An air force report said the jet, an F-80, crashed in the street near the main railroad station at Garmish, a resort town near the Austrian border. There was no report on the extent of the fires started.

### Treasury Receipts

Washington, Nov. 4 (AP)—The position of the Treasury Nov. 2: Receipts, \$191,984,126.78; expenditures, \$172,369,702.48; balance, \$4,660,699,238.58; customs receipts for month, \$3,857,765.63; receipts fiscal year July 1, \$11,767,897,780.45; expenditures fiscal year, \$11,804,975,985.06; excess of expenditures, \$37,077,605.21; total debt, \$252,503,418,143.92; decrease under previous day, \$17,305,716.15; gold assets, \$24,006,609,019.82; \$12,622,315,752.17 counting foreign economic cooperation trust fund expenditures. \$—\$854,417,971.72 excess of expenditures, counting expenditures above.

### Election Slump Overcome but Price Level Is Below Monday

New York, Nov. 4 (AP)—A fast rebound lifted the stock market today after yesterday's election slump.

Key stocks advanced a few cents, to \$2 or so a share. Blocks of 1,000 or more shares sold frequently.

Despite the gains, though, the price level was still substantially below Monday's pre-election figures.

Among a wide variety of issues which attracted support were U. S. Steel, Inland Steel, General Motors, Chrysler, Goodrich, Woolworth, International Harvester, Distillers Corp., Commonwealth & Southern, Radio Corp., Owens-Illinois Glass, Santa Fe, Standard Oil (N.J.), and Eastern Air Lines.

The turnaround followed the worst beating the stock market has taken in the past two years.

Yesterday, with the sound of the Democratic victory ringing through Wall Street, roughly \$3,000,000,000 was trimmed from the quoted value of all shares listed on the New York Stock Exchange.

Individual issues were chopped down 1 to around 6 points. Volume passed the 3,000,000 share level, a high since the bull market of mid-May.

### Sees India as Republic

Cairo, Egypt, Nov. 4 (AP)—Indian Prime Minister Jawaharlal Nehru told a news conference here today India soon will become a republic.

India now is an independent dominion within the British Commonwealth of Nations. Nehru is en route to India after attending the Commonwealth Conference in London and sessions of the United Nations General Assembly in Paris. He is expected to see Arab leaders during his brief stop here.

### Pearson Says Election Loss Due to Poor 80th Congress

Washington—Drew Pearson in his column, The Washington Merry-Go-Round, says Truman's election victory resulted from poor record of G.O.P.-controlled 80th Congress; Truman faced every issue, but Dewey sidestepped most thorny ones. You can't fool the American people.

Harry Truman, it's now conceded, was his best poll-taker. He made the faces of Dr. Gallup, Elmo Roper and the Crossley people look very red.

Talking to his friend Morris Ernst a short time ago, Truman remarked that the political pollsters would blush on the day after election.

Ernst, though one of the few who really expected Truman to win, half jokingly asked the President what he would do after he was defeated.

"I'm not going to be defeated,"

Republicans Will Back Some of President's Measures

Washington, Nov. 4 (AP)—Republicans closed their shattered ranks today for a two-year fight in Congress against a certain effort by President Truman to modernize the New Deal.

Mr. Truman returns to Washington tomorrow the hottest article in American politics, as the result of his upset victory over Gov. Thomas E. Dewey.

He will be off Sunday for a two-week breathing spell at Key West, Fla.

When he comes back, it will be time to shape up the legislative program which he promised last night will be based on the Democratic party platform.

Mr. Truman told a home-town victory celebration in Independence, Mo. he wants every citizen to help him carry out his "tremendous responsibility for the peace and welfare of the world."

"I am going to do the very best I can to carry out that Democratic platform as I promised to do in my speeches around the country," he said.

That is a large order. Besides orders toward winning a lasting peace, the platform pledged such things as home as (1) curbs on "Republican inflation," (2) "comprehensive" housing legislation and (3) tax reduction "whenever it is possible to do so without unbalancing the nation's economy."

The platform also called for (1) repeal of the Taft-Hartley Act, (2) a 75-cent an hour minimum wage to replace the present 40-cent figure, (3) extension of social security coverage, (4) a national health program, (5) federal aid to education, (6) a farm price support program, (7) repeal of the oleo taxes, and (8) strengthening of civil rights.

Won't Oppose All Election-chastened Republicans won't oppose all of those. In fact, Dewey was for some of them.

But if the Republicans were minded by the one-man gang activities of Mr. Truman in Tuesday's voting, they weren't dismembered.

A lot of them won't be back in Congress. But the Republican leadership there will remain the same, with Rep. Joseph W. Martin, Jr., (Mass.), bossing the House minority and Senator Robert A. Taft (Ohio) continuing to run things.

And there aren't many new faces among the Republicans.

Now that his party has control by an apparent 260 to 174 margin over the Republicans in the House (there is one minor party member) and a certain 54 to 42 edge in the Senate, whether Mr. Truman can get much more in the way of legislation out of such a Democratic-controlled Congress remains to be seen.

Southern Democrats who have never been too enthusiastic about some of his policies will be back in the saddle as chairmen of many of the important committees.

Mr. Truman won all but four Dixie states in the face of his proposals to legislate against race segregation and to strengthen other civil rights.

This probably won't stop at least 21 southern members from joining in a filibuster if any such proposals get to the floor of the Senate. Senator Pepper (D-Fla.) is an in-and-outter in the filibuster camp.

To satisfy the labor support which helped him carry some of the big industrial states, Mr. Truman is committed to proposing repeal of the Taft-Hartley Act.

But many Democrats who rode back into office with him would

**194 Lives Are Lost**  
Albany, N. Y., Nov. 4 (AP)—A total of 194 persons lost their lives in traffic accidents in New York during August, 1948. This compared to 197 in the corresponding month last year. However, more persons were injured during August this year. Motor Vehicle Commissioner Clifford J. Fletcher noted yesterday. The injured totaled 11,136, compared to 10,700 for last year. Traffic accidents this year totaled 20,463. The August 1947, total was 22,855.

**They Laughed When Harry**  
Shanghai, Nov. 4 (AP)—The American owned Evening Post-Mercury led off its editorial comment on the American election today with this line: "They laughed when Harry Truman sat down at the piano figuring the Missouri Waltz with one finger was his limit." The editorial concluded a reference to Chinese hopes for more American aid with "God helps him who helps himself. Look at Harry."

## Veterans Will Get 500 Million; Some Do Not Fare Well

Washington, Nov. 4 (AP)—World War II veterans in six states are due for an estimated \$500,000,000 windfall, but in half a dozen other states they didn't fare so well.

The question of bonuses for veterans was one of a number of state issues decided by voters Tuesday. Here are some of the results:

1. Kansas voted to repeal its 68-year-old prohibition amendments, but it's up to the 1949 Legislature whether the Sunflower State finally goes wet.
2. South Carolina joined the other 47 states in legalizing divorces.
3. Massachusetts overwhelmingly beat down an attempt to make it legal for doctors to give contraceptive advice to married women whose health would be endangered by pregnancy. The present 100-year-old law, backed by the Catholic church, bans any form of birth control.
4. Labor won a sweeping victory in Massachusetts with the defeat of proposals to ban union closed shops and set up other restrictions. A similar closed shop bill was losing in New Mexico, but Arizona's approved a measure putting into effect a labor-opposed "right-to-work" amendment during the day.
5. Four states—Missouri, Nebraska, Wisconsin and Oregon—rejected bonus proposals. In addition, North Dakota voted down a tax for a veterans' rehabilitation fund, and California, with nearly three-fourths of the precincts reported, apparently had rejected a veterans' tax exemption proposal.

## Social Security Advice Available at Bank

Social Security information and advice will be available at the State of New York National Bank, 301 Wall street Friday from 6:45 to 8 p. m., while the bank is open to accommodate evening shoppers.

An announcement from the local field office of Social Security reveals that this is arranged for the convenience of those who cannot find time to visit the office in the central post office on Broadway during the day.

The widow or other relatives of wage earners who have died will be assisted in filing claims for death payments. Death benefits are payable no matter how old the insured worker was at the time of his death.

In addition, the Social Security representative will register the

marriage names of women workers, will help obtain duplicate social security cards for those who have lost their original cards, and will answer questions on other social security matters.

The royal governor of Massachusetts appointed the first licenser of the press in 1662.

New Mexico's state university is located at Albuquerque.

## It costs more to make everything these days!

You can call it "inflation"... or say that your dollars are worth less... or explain it in the technical terms used by economists. But the fact remains that it costs more to make things these days.

Telephone service is no exception. The actual cost of providing telephone service has gone up with the general trend toward higher prices. All the raw materials we buy have risen sharply in price. Copper is up 108% over the 1940 price. Lead has advanced 277%. Cotton is up 226%, building construction costs up 75%. And of course, all wages today are much higher.

These increases have not, as yet, been reflected in your telephone bill. Monthly telephone rates have not been increased since long before the war, and toll charges have been reduced.

However, as general conditions change, telephone rates must also be brought into line. They can only be kept as low as is consistent with giving you good service, paying telephone workers adequate wages, and providing a fair return to thousands of Americans who have invested their savings in the telephone business.

## FASHION NOTE

The problem of how to look feminine and like an officer at the same time has been dealt with for women in the Navy by a clothing designer. The result is a formal evening uniform with a deck-length (floor-length to landlubbers) skirt, with a few other feminine frills, topped by a gold-buttoned, gold-braided mess jacket.

Presumably this is a naval concession to the desire of a woman, once in a while, to look like a woman. Top officials of the Navy decreed, however, that the new formal will not be authorized until a fitting formal uniform for male officers has been designed, to go with it. Is someone having nostalgic thoughts of the days when any formal society affair which amounted to anything glittered with the resplendent glory of military uniforms?

It would be simpler for women in the services in peace time to be allowed to meet the urge for femininity under the practice which prevailed before the last war. Then members of the services, when workaday chores were done, exchanged their uniforms for civilian clothes and became ordinary people for their gay evenings out.

Service uniforms are primarily functional, although some of them, like the dress whites of the Navy and Coast Guard, for both men and women, are beautiful as well. This business of trying to make a uniform into something which is neither a functional uniform nor an individual evening dress looks a little silly.

## FEWER FARMERS

The Census Bureau reports, as one result of a population check, that the farm population is still losing to the cities.

Agricultural areas have lost population, held their own, or made at best slight gains, while the large gains were made in all cases by industrial areas, according to the report. This condition, reflected in the next full census, may change the urban-rural balance in Congress.

Aside from the annual influx of young people from farm to city, most farmers who forsake country life for city competition are those who have been unsuccessful. Some will be more successful in industry, and others will always be misfits and drifters.

With the utilization of modern farm machinery, less labor is needed. Thus far no alarm is reported as to the ability of the remaining farmers to feed the growing industrial population.

## DRAFT REJECTIONS

Of men now being called up for military service, 72 per cent are failing to meet physical requirements. Selective Service has announced. This is a startling figure, but the conditions are unusual.

Men now being called are 24 and 25 years old, which means that most of them were liable to draft during the war. Since those now called were not in service in the war, there is a high proportion of men who were unfit for service at that time or who had deferment for employment or other reasons. Therefore it is not surprising that a large number are now physically unqualified.

Physicians are finding that about 10 per cent of the men rejected for World War II service because of physical disability are now able to serve. Some have recovered in these years from previous disabilities. Also perhaps health in general is improving.

## JUST A WORD

The choice of a word may make all the difference in the world. Douglas S. Freeman, Richmond, Va., newspaper editor and military historian, whose monumental life of Washington is now beginning to appear, received a letter of thanks from the late President Roosevelt during the war.

This came because Freeman had suggested that the attack on the Nazi European stronghold should be called not the "invasion" of France but its "liberation". It was reasoned that the latter term would make friends for the Allied armies, where the former might arouse suspicions and perhaps

## NOT MUCH SENSE

The American people might one day take time off to take account of the process by which they elect their high officials. They might be willing to modernize the system.

For instance, there can no longer be any reason for holding national conventions in late June or early July; certainly September, after Labor Day, would give the parties and candidates ample time to get in line for an election campaign. This year each candidate delivered about 175 speeches—Wallace probably many more. Five or six major speeches would have stated the issues clearly. The rest were repetitions.

The cost of all the campaigns this year, federal, state and municipal, will probably amount to \$30,000,000. The two major parties will report about \$1,500,000 but will have spent through collateral agencies about \$3,000,000 apiece. They get around the law limiting expenditures by directing contributions to special organizations, local groups and local candidates.

Both major parties have had great difficulty raising the money they need for the campaigns. The large contributors are no longer willing to give to funds which cannot be applied to income tax deductions. Corporations cannot make contributions and their officers do not like to put their names on the line. Both parties, therefore, will end the campaign with deficits, which they will, of course, make up by such means as begging, or, if necessary, small contributions are more effective locally than on the national level. The Republicans say that they have had over a million contributors; the Democrats probably can show a similar figure. The total will show an expenditure of about 60 cents for each voter. It is not high but it might also not be necessary.

Labor unions, in spite of the law, have openly contributed to campaign funds in huge amounts. Mostly Truman and Wallace benefited from these sources. Some labor unions carried expensive network radio programs which were devoted to political campaigning. In addition, therefore, to political parties there are "educational" costs.

All of this raises the question as to why so much and such costly campaigning is necessary. In this election, four important public officials, Truman, President of the United States, Dewey, Governor of New York, Warren, Governor of California, Thurmond, Governor of South Carolina, had to neglect public business to chase around the country, exhausting themselves in a round of endless repetitions and generally unimportant speeches. They could have done all of it by radio; in 1952, they will be able to do all of it on television. The people will be able then to see all this as it happens, if seeing them is really important.

Truman gave out during the campaign, becoming boisterous and vulgar. Some say that he made votes for himself that way. If true, that is a reflection on the intelligence of the American people.

During the last days of the campaign, intellectually exhausted—and probably physically worn out—he descended to drag in Eleanor Roosevelt, who in his old age had wish to live at Mr. Truman's request to fly around the earth in search of food for starving people, and who had withdrawn from politics to serve on a bipartisan commission for the reorganization of the executive branch of the government, to the chairmanship of which Mr. Truman had appointed him. A man must be mentally sloppy indeed who attacks so venerable a gentleman whose record is devoted to public service—and at last years are devoted to public service—and at last years are devoted to public service.

His quarrel with Bernard Baruch was unmistakably the act of an unkindly man. Because Baruch would not collect campaign funds for Truman, the President wrote him such a letter as no man would care to have anyone see after it is written. Neither Woodrow Wilson nor Franklin D. Roosevelt, close personal friends, had ever requested Baruch to become a campaign fund collector. Truman did. To become a campaign fund collector, Truman did. To become a campaign fund collector, Truman did. To become a campaign fund collector, Truman did.

## BLOOD PRESSURE

At a recent gathering of physicians, one heart specialist stated that probably it would have been better for humanity had the instrument that measures blood pressure never been invented.

His point was that while the blood pressure instrument was helpful to the physician, it was harmful to the patient, because he always wanted to know the height of his blood pressure. If the physician told him and it was higher than at his previous visit, he worried about it. If the physician did not tell him the exact reading of his blood pressure, then there must be something wrong.

The trouble with patients and blood pressure readings is that a normal individual may show a rise of many points at times. If a nervous person, however, is told of a rise, he is likely to be upset. Until his next consultation with his physician, which may not be for weeks or months.

By being upset his blood pressure will remain high, thus stretching the elastic muscle tissue in his blood vessels. As with ordinary elastic, if kept on the stretch some of the elastic power is lost. This loss of elasticity in blood vessels, due to even a slight but constant stretch, makes it necessary for the blood pressure to increase in order to pump blood through this less elastic tissue. Emotional disturbances definitely raise the blood pressure permanently in time.

The normal blood pressure in adults should be about 140 systolic and 90 diastolic; but a blood pressure of 150 and 100 respectively, may, under various circumstances, be considered normal.

If the blood pressure is continuously above 140 and 90, the physician uses various drugs to bring it down to normal. This is not because hardened blood vessels can be made softer and more elastic, but because much of this rise in blood pressure may be due to emotional disturbances and nervousness. For this reason, relaxing drugs quite properly are used.

In cases of organic high blood pressure, where a heart or brain stroke is threatened, surgery—cutting a nerve root—gives good results in many cases.

When Harlan J. Bushfield of South Dakota died the other day, he became the third senator in his state's comparatively short history to die in office. Peter Norbeck, who was beginning to make a name for himself in the latter '30's, met this fate, and at the beginning of the century death in office overtook a quite unusual South Dakota senator, James H. Kyle.

## SHOKAN NEWS

Shokan, Nov. 3.—Mr. and Mrs. Kenneth Snyder and daughter, Diane, of Kingston recently spent several days as guests of Mr. and Mrs. Elson Oakley.

Miss Ruth Shurter, formerly of Great Neck, is at the home of her parents, Mr. and Mrs. James H. Shurter, for the winter months.

Pietro Mastrota came up from New York to spend the weekend at his place on the Trail and remained over until Election Day. Pietro, a newcomer to Shokan, likes the reservoir country and hopes to acquire still more real estate here.

Burial of Everett Kinney, former Ashokan resident who has made his home at Middleburg since the death of his wife, several years ago, took place Sunday in the Tongore Cemetery. He was The Freeman reporter at Ashokan for a number of years and attended the O.S. Baptist Church here.

Saturday, Oct. 6, brings another birthday for Julia Winchell of Shokan and Grace Davis of Kingston. Mrs. Winchell was born 83 years ago in Watson Hollow, a daughter of Alvah F. and Elizabeth (Vandevoort) Davis. She is fairly active and continues to greet her numerous friends from far and near, at a corner store. . . . Grace, a resident of Kingston since waterworks days, was brought up in the old village of Shokan, the daughter of Charles H. and Jennie (Eckert) Davis, and served as organ-

ist of the Shokan Methodist Church and Sunday School for several years. She has several first cousins in Shokan.

Here & There

Sheldon Tompkins was numbered among the hundreds of Kingston residents who motored up Sunday to try out the new state road and view the great reservoir with its background of still gorgeous autumn foliage and towering ramparts of the Southern Catskills. Sheldon, who sold out his express business some time ago is now building a house in Kingston for Ferd Gildersleeve, well-known wholesale produce merchant and West Olive property holder. . . . Some mighty bad boys whether young or old live up at or near Otogo, where more than 50 headstones and grave-markers were pushed over, some of them broken, by nocturnal hoodlums. This happened some time before Halloween so it doesn't look like kids' work. Troopers are hard after the rascals. What next, in this topsyturvy old world? If the dead ever turn over in their graves, such sacrilege ought to make them do it.

Dog Bites Dog  
Dogs running at large and biting people is nothing new in Kingston, but way back in A.D. (1813), dogs were biting dogs, and that was a condition serious enough to prompt the village fathers to pass an ordinance restricting the freedom of all canines for a season. . . . Probably nothing much would have been done in the matter—any more than is done now about dogs biting humans—but for the fact that the chief offender was found to have been a mad dog, hence the decree that "all dogs shall be killed or confined by their owners." Moreover, any dog found running at large might be killed by any villager, while all of the already bitten mutts were ordered put out of the way. Just how well this measure worked out, history saith not, though it may well be presumed that folks kept their pets at home for a week or two, letting them loose again as soon as they felt they could safely "get away with it." Excepting, perhaps, in the case of reputedly mean dogs, whose illegal free-running might furnish hurried neighbors with an opportunity too good to pass up. What about vaccination, y' say? Oh but dear reader, that was one of the things they "never

## White Asks Truman To Continue Fight

New York, Nov. 4.—A telegram from an official of the National Association for the Advancement of Colored People yesterday urged President Truman to continue "complete support" of his civil rights program.

Walter White, executive secretary of the association, congratulated the President on his election and said:

"Your triumph . . . is a mandate under which you and the new Congress can proceed to carry out the program you outlined so clearly and courageously to the people, including housing, labor legislation, civil liberties and inflation control, all of which were cavalierly rejected by the 80th Congress."

"We especially urge you," the message added, to continue "giving your full and complete support to a program for civil rights."

## Mrs. W. P. Stewart Dies in Pennsylvania

Unionville, Pa., Nov. 4.—Mrs. W. Plunket Stewart, sister of Commerce Secretary W. Averell Harriman, died Tuesday at her home.

Mrs. Stewart, wife of W. Plunket Stewart, a retired banker and widely known horseman, was herself prominently identified with horse and hound shows for a number of years.

She was the daughter of the late Mr. and Mrs. E. H. Harriman of New York and a great-granddaughter of Judge William Averell. Her grandfather, William Averell, was president of the old Ogdensburg & Lake Champlain Railroad.

In addition to her husband, Mrs. Stewart is survived by two daughters, two brothers and a sister.

Funeral services will be held at her home and burial will be in Unionville.

## Twenty and Ten Years Ago

Nov. 4, 1928—Twelve of the Protestant churches in Kingston united for a religious survey of the city, from November 11 to 18.

The Rev. B. Stewart Burt, for three years curate at Holy Cross Church, resigned to accept appointment of student pastor of Nashotah House, a theological college at Nashotah, Wis.

Miss Florence Wheeler elected president of the Schubert Choral Club.

Nov. 4, 1938—Mrs. Almada Crawford Weeks died at her home, 121 Franklin street.

The Dewey for Governor campaign was in Ulster county and planned to stop at the Court House in Kingston on November 5, at which time Philip Elting, county Republican chairman, was scheduled to speak.

Business' Scare Is Biggest News Development Since Surprising Election Results; Real Worry Shows

By DAVID LAWRENCE

Washington, Nov. 4.—The biggest news development since the surprising election returns is the scare that has appeared among the business men of the country.

Not only has the stock market shown declines because of fears concerning the future trend of business but, judging by the reports reaching here in the last 24 hours from all parts of the country, many business men are really worried. They have read President Truman's campaign speeches and now believe he has taken such a position to the "left" that an era of socialism and a recurrence of New Deal reforms may be the objectives of the new administration.

"Business men are asking, for example, whether the Taft-Hartley Act is to be repealed, whether it is to be encouraged by the President to ask for higher wages, and whether more strikes and work stoppages are to ensue. Also, there is an apprehension that excess-profits taxes will be reimposed and that the federal budget will go deeply into the red notwithstanding a return to higher taxes. For Mr. Truman has promised more social security and health programs, public housing, and various government subsidies, to say nothing of a huge program of armament expense and international aid."

Naturally, if all these measures were adopted, business would be confused and would hesitate to go forward with the commitments previously made for expansion. No more tragic sequel to the election could be imagined than for business men to allow themselves to become the victims of exaggerated fears and back unwittingly into a depression by hesitating to do those essential things that would have been undertaken if the Dewey ticket had won. Maybe, the word of reassurance from administration spokesmen will become necessary to get a different psychology started.

For one thing, the administration is not going to have a free hand in the next Congress notwithstanding the control of both Houses by the Democrats and the Republican minority. Truman, plus about 30 to 35 Democrats from the solid south can block any repeal or modification of the Taft-Hartley Law. Some modifications had already been promised even by the authors of the act but a bill to emasculate the law is not likely to get through the House of Representatives.

As for an excess-profits tax, Senator George of Georgia, who is to be chairman of the Senate Finance Committee, and Representative Doughton, who is to head the House Ways and Means Committee, know that a revival of the wartime excess-profits tax would bring on a depression far faster than anything Congress could enact.

Likewise, if Congress passes price-control legislation of the wartime sort and production has to be restricted, the country could witness as a consequence a wave of layoffs and unemployment in major industries. Certainly if the Democrats expect, 18 months from now, to go into the next congressional campaign with a chance of maintaining their control, they will not want to upset the business situation to the point of voting for measures that will bring unemployment.

Actually, Mr. Truman's speeches of many varieties in the campaign cannot be taken as a criterion of what Congress will do. The so-called mandate which the people gave in the election this week will be widely discussed. Basically, it was a vote to maintain the present prosperity if possible. Mr. Truman won on almost the same strategy that Woodrow Wilson and his campaign managers used in 1916. In fact, on September 27 last this correspondent sketched the parallel between that campaign and the 1948 campaign and pointed to the substantially greater strength which Mr. Truman enjoyed west of the Mississippi than in the eastern states and warned that that polls could lead to overconfidence.

Any people will recall that virtually all the straw votes and forecasts were wrong on election night of 1916, when the west, particularly California, swung the election and Wilson won with 277 electoral votes—one of the closest races in history. It was "peace and prosperity" then that influenced the west.

This time, high farm income in the rural areas kept deeply into normal Republican voting in all sections while high wages in the cities gave the Democrats a record vote. The labor unions saw it that the city voters went to the ballot boxes. The very polls that lulled the Republican workers into a fancied security stimulated the Democratic workers, and especially Mr. Truman, to greater efforts. He may ridicule the takers of polls but he wouldn't have worked half as hard to win if there had been forecasts in his favor. Nor would millions of Republicans have stayed away from the polls with a "let George do it" spirit. The total population will be less than 1944, when there was war on and many citizens were absent overseas. It will be less than 1940, when Willie ran. Where were the millions of voters who registered but didn't vote? Why did they abstain? This is a paradox of the election.

If it hadn't been for the polls, Dewey himself might have been a fighting campaigner. So, all in all, Mr. Truman should thank the pollsters—and also those members of the Un-American Activities Committee who made Communism and the Wallace cause so unpopular as to drive almost all the Wallace vote back into the Democratic party from which it had temporarily strayed.

The lifeblood of the American system, and experience proves that the winners are never as dangerous as their opponents thought during the campaign nor as unkindly of the importance of keeping a majority as the discord inside a party sometimes might lead one to believe.

## AS PEGLER SEES IT

By WESTBROOK PEGLER

I have received an enlightening letter from a man who held an important position in our embassy in Japan when Henry Wallace's "Guru, Nicholas Roerich, passed through on his way to raise ruckus in Manchuria and China. On this expedition, Roerich and his suite used credentials from the Department of Agriculture because Cordell Hull, the secretary of state, had a folder high as a tomato's back on the old fortune-teller and refused to give him a passport.

Wallace is, as I have often said, a consummate sneak, so he got the ear of President Roosevelt and Roosevelt helped him send his Guru on his troublesome way. You will observe that I have been bringing Roosevelt's knavery and the affairs of the queer concern the masonry on Riverside Drive, where Senator Bob Wagner and Congressman Sol Bloom were implicated and where Morris Ernst, the eminent expert on

irregular sexual activities, turned up as one of Roerich's well-wishers and as counsel to a faction in the grand ultimate inevitable fight over money. Counselor Ernst recently wrote an auxiliary to the notorious Kinsey Report in the role of qualified authority.

"I am delighted," my informant says, "to give you all I have on Roerich and his trip to the Far East in the mid-thirties under the auspices of his Chela, Henry Wallace."

Just as Guru means a supernatural being and teacher, probably of divine character, so Chela means a disciple or pupil. Wallace has not dared to deny that he was a Chela to Nicholas Roerich, but there is no doubt that he was. He was absolutely gaga and I am now slowly building up proof that Roerich was a knave and a nutty as a praline over Roerich's hocus-pocus when Roosevelt made him Vice President.

This expedition to the Orient took place in 1934 and Roosevelt made Wallace Vice President in Continued on Page Sixteen

## So They Say... Questions—Answers

Q—Who coined "almighty dollar?"  
A—This phrase denoting money as the object of worship in America is attributed to Washington Irving, who used the term in "The Creole Village," published in 1836.

Q—Is the original manuscript of "America" still in existence?  
A—The original manuscript is in the Harvard University Library. This song was written on a scrap of paper, in half an hour, by Dr. Samuel Francis Smith, a Baptist minister.

Q—What is pig iron?  
A—Pig iron is merely raw iron as it comes directly from the smelting furnace. It is simply crude iron cast in oblong ingots or masses of convenient size and shape.

Q—When did the custom of slipping a coin originate?  
A—This custom dates from the time of Julius Caesar. His head was engraved on one side of all Roman coins. A coin was tossed to decide important questions and if the head turned up, the person or decision represented by the head, was the winner.

Q—Who was the first man to be president of all the 48 states?  
A—William Howard Taft.

High prices are not only a worry to our people, but are a threat to our economy. We must, however, be realistic enough to realize that we cannot raise the profits and the wages and the price of materials and still expect the price of the finished product to remain low.

**Oil Workers Back**

San Francisco, Nov. 4 (AP)—C.I.O. oil workers began returning to work today for wage increases offered before they struck six major California refining companies two months ago. Agreements had not been reached with all of the struck oil companies, but a wage pattern had been set to end the walkout which caused gasoline rationing in the west for a time. Production continued, however, and rationing ended last month.

**Two Murder Charges**

Eau Claire, Wis., Nov. 4 (AP)—Marshall Johnson, a 32-year-old ex-convict, was held in jail without bond today after his arraignment last night on two charges of first degree murder in the slaying of a teen-age couple October 23. Before his arraignment Sheriff Lloyd Thompson said Johnson had signed a statement admitting he fatally shot Raymond Smith, 18, and Gertrude Baumann, 17. Their bullet-ridden bodies were found October 24 on a golf course. An autopsy disclosed the girl had been raped. Johnson pleaded innocent to the two charges.

**The Beautiful Deb**  
(Detroit Free Press)

It's rather a shock to see a beautiful deb at her coming-out party, when she looks so demure and beautiful, flopping around the neighborhood next morning with slacks rolled up and her shirt tail out.

Most people fail not because they lack ability or enthusiasm, but because they lack steadfastness of purpose.

Mother: "Mary, aren't you getting too large to play with the boys?"

Daughter: "No, mother, the bigger I get the better I like 'em."

A woman's kiss hasn't any more kick than a cold fish after you marry her.

She shut off the phonograph and turned excitedly to her father.

Daughter: "Dad, that is the latest kind of jazz record. Did you ever hear anything so wonderful?"

Dad (Wearily): "No, I can't say that I have, although I once heard a collision between a wagon-load of empty milk cans and a farm wagon filled with ducks."

A chip on the shoulder is a sure indication of some wood higher up.

Collegiate: I'll have to look in my book to see where I can take you.

Co-ed: "O, your date book!"

Collegiate: No, my bank book.

Every time we hear about a woman trying to reduce it sounds pretty thin.

Hubby: "In these days, of all the accomplishments to boast about—that follow on the third floor says he has kissed every woman in this apartment building but one!"

Wife: "I'll bet that's that stuck up Mrs. Murphy upstairs."

Many of us are so busy doing things tomorrow that we are too tired to do our work today.

—Olin Miller.

Beans are seeds, cabbages are leaves, onions are bulbs, potatoes are tubers, radishes are roots, and tomatoes are fruit.

### THEY'LL DO IT EVERY TIME

(Registered U. S. Patent Office) By Jimmy Hatlo

BIGDOME HAS BEEN HAVING CHILLS, FEVER, AND FALLEN ARCHES LATELY. WILL HE CONSULT A MEDICO? NO!!

THIS HAS BEEN GOING ON FOR WEEKS! WHY DON'T YOU GO TO THE DOCTOR AND HAVE A CHECKUP?

BUT LET HIS JALOPY SO MUCH AS BACK-FIRE ONCE—WOW! HE RUSHES IT INTO THE SHOP FOR A COMPLETE OVERHAUL.

SHE SOUNDS SWEET TO ME, BUB. JUST WHAT KINDA NOISE WAS IT?

IT WAS SORT OF A TICK-TICK-TICK. JUST LIKE THAT. TICK-TICK-TICK. I THINK IT NEEDS A GOOD GOING-OVER.

### -BARBS-

Sympathy is best taken in very small doses.

Now that there are so many autos running loose, we don't need wars to keep the world from being over-populated.

## SHOKAN

Shokan, Nov. 4.—William "Billy" Jackson, local athlete who was employed during the summer months at installing dial phones in the Phenicia, Woodstock and other sectors, is now working for the Telephone Company in Kingston.

Edward Wiederspiel of New York spent Tuesday at his place on the mountain road.

Robert Hartley, War 2 veteran, has enlarged and otherwise improved his bar and grill in the

**Engineer Reports On Gas at Donora; Some Poison Found**

Philadelphia, Nov. 4 (AP)—Evidence that fluorine gas, a toxic poison, exists in the air at Donora, Pa., was found by a Philadelphia chemical engineer.

Philip Sadler said yesterday he found signs of the gas in the blood of three asthmatic residents hospitalized during the brief epidemic which took 13 lives last week-end. Some 600 others were affected by the smothering mixture of fog and smoke which blanketed the town for four days.

Sadler, who investigated at the invitation of the Donora town council, said the gas is given off in the process of making zinc and other metals.

## NEW HURLEY

Mrs. Alexandra Watt of Philadelphia spent last week with her sister, Mrs. Valentine Garrison. Mr. Garrison attended a G.L.F. meeting in Syracuse.

Mrs. Floyd Beatty and daughter, Jean, spent a few days last week at the home of her cousins, Mr. and Mrs. Harry Baright of Noxon Road, Poughkeepsie. While there her husband and family joined her and attended the funeral of Maude Baright.

Mr. and Mrs. Joseph Merritt, Mrs. Helen Spiers and son of Slate Hill called at the home of Mrs. Iva Low and daughter, Mrs. Myra Dolan, Friday.

Miss Edna Bitzo of Poughkeepsie spent the week-end at the home of Mr. and Mrs. Newton Wright.

The Rev. John W. Tyse officiated at the funeral services of Norman Eckert at the McHugh funeral home in Wallkill Saturday afternoon.

The New England Courant, started by James Franklin in 1721, was supported editorially by a group known as the "Hell-Fire Club."

Honored for DDT

For his discovery that DDT was the most powerful insecticide in the world, Dr. Paul Mueller, Swiss research chemist, was awarded the Nobel Prize in physiology and medicine. DDT is credited with saving the lives of thousands of servicemen and civilians from death by insect-borne diseases.

east end of the village. The Olive District No. 1 polling place which has been in Winchell's Hall for many years, was moved down in the store for Tuesday's election. Elderly voters and those with cardiac complaints favored the change much to their liking.

**Looking Backward**  
Saturday, Nov. 5, 1910—Wauwarsing—John C. Hoornbeck, 76, well known industrialist who had operated an excelsior mill at Boiceville from 1880 until recently, died yesterday at home here. He also erected a mill at Napa-

noch in 1900 for the manufacture of dry pulp for dynamite and was interested in a number of other enterprises... Lyonsville—John M. Reosa has remodelled his sawmill and put in a circular saw... Krumville—Mrs. Jesse Avery and children have returned home after spending a week with her mother, Mrs. Smith... High Falls—On Monday evening fire destroyed the vacant house on the Henry Van Wagenen farm on Fairview Hill. The blaze gave the village lads, who were just beginning their Halloween pranks, something to run to... West Hurley—Wanted,

a good horsehoeer. C. V. Ennist. Our Old Timer was noted among the voters of long standing who put in appearance at the local polls Tuesday. Asked if the long dry spell had hit him pretty hard, our ancient friend replied that, although his brook and spring are still dry, he is mighty thankful for the six feet of good water still remaining in his dug well which he considers "worth a million dollars" to him. Asked, also, how he liked the new state road, he said: "First rate. I'm far progress and allus hev been. I was brought up in boss and buggy days and seems as though

putty nigh everything in use these days was thought up since I was knee high to a grasshopper. Yes, sir, I kin recollect the village boys riding them old high-wheel bicycles; when there was no hard road betwixt Phenicia and the county seat; when old women wore long black dresses and never pertied up their hair and generally sat with their hands folded across their stummicks. Nowadays, some of the old girls look better'n the young ones. I observe improvement on all sides, except mebbe in morals; yet them old days was purty good and folks seemed to enjoy life ez much

ez they do now. A good man got ez high ez a dollar quarter a day and saved some of it; gals and women didn't work out unless mebbe for a spell in summer boardinghouses. It was a man's world and them ez chewed tobacco (about 50 per cent) thought right well of themselves." (Frankly, we suspect our Old Timer would like to re-live the days of his youth for a spell, before passing on to the great unknown adventure).

**Here & There**  
No slowing up for that Ashokan curve in the new road now; the

surface coating of black-top was applied Monday and there is also a strip of the same stuff along the edges of the concrete at the west approach to the curve. This something added will come in good in the event of a road-hog bearing down on a feller... It's a fact that Harold Buley of the Tonne Mountain road, already the papa of a large family, has a new son, as of October 18, yeapt Roger Robert. Missus is the former Mildred Phillips of Shokan. Harold, who was a caller in the village center Sunday with his brother-in-law, Clarence Phillips, Jr., is helping Alva

Buley Sr., with a remodeling job at one of the Chase summer bungalows on Winchell Mountain... We read in the Stamford Mirror-Recorder that "among the 73 pupils who ride on the Vega bus to Roxbury Central School every day, there are four sets of twins." It seems that only one of these sets was born in Vega, however. But that's quite an odd piece of news, especially if the whole 73 ride in one bus. Our own Pine Hill line's big new stainless steel Nos. 24 & 25 could hardly pack in that many, though it looks that way, some times.

## Child Is Burned

Continued from Page One

tipped apart and wetted down to extinguish the fire which had entered the center of the mattress. There was considerable smoke damage in the house, firemen said. Firemen spread canvas covers on other furnishings to minimize the water damage.

### Kerosene Explodes

Chief Murphy said there had

been a glass container of kerosene near the kitchen stove, which apparently exploded from the heat and caused the fire to spread more rapidly.

The household furnishings are not insured, Fire Chief Murphy said.

Firemen from Engine 2 at Cornell station and Truck 1 at Central station responded to the alarm under the direction of Deputy Chief James M. Frett. They were later joined by Chief

Murphy, who took charge.

Mrs. Kavanagh, the mother of the burned child said today that at the time of the fire she had stepped out of the house for a few minutes to take another child to a neighbor's house, from where he would go with another youngster to school. Mrs. Kavanagh then returned to her home, where she found the kitchen filled with smoke, and immediately carried her son, Robert, from the room to safety, she reported.

## New Paltz Man Visited by Bear

A bear prowling in the New Paltz area stopped over at the barn of A. L. Percival, Putt Corners Road, between 12:30 and 1 a. m. today, according to the state police, at Highland.

Percival notified the state police after he had discovered the bear in the barn and was undecided as to his rights to shoot it, the report said.

The troopers and a game warden went to the barn, but the animal had decided to take a walk by that time. A chicken coop is near the barn, and it was thought that the bear might have been after a chicken or two or, as a trooper said, he might have been looking for honey.

Reports of bears scouting the

low country have been frequent this season. They have been reported seen in the Kingston, Rosendale, town of Saugerties and New Paltz areas, as well as in the mountain country.

### California Goes Truman

San Francisco, Nov. 4 (AP)—Late returns from Tuesday's election appeared today to assure President Truman of California's 25 electoral votes and put the state in the Democratic column for the fifth straight presidential year. After seeing the lead switched apparently safely to the President last night with late returns from Los Angeles, the vote from 13,775 of 16,802 precincts gave Mr. Truman 1,533,153; Governor Dewey 1,475,223; and Henry Wallace 144,704.

## Busy Social Season Ahead for Trumans

Washington, Nov. 4 (AP)—With countless thousands of handshakes behind him, President Truman faces hundreds more in the months ahead, as host at the traditional White House fetes.

Setting the dates for this social season will be a major task confronting the Trumans when they get settled again on Pennsylvania avenue after their campaign travels.

On this calendar are such glamorous affairs as the formal dinners honoring the diplomatic corps and receptions for Congress, the armed services and the judiciary.

Although the first of the gala events is scheduled this month, the Trumans delayed the usual October announcement of the calendar.

## Russia Rejects A-Control Plan

Paris, Nov. 4 (AP)—Russia rejected completely today a western plan for the control of atomic energy.

Soviet Delegate Andrei Y. Vishinsky told the United Nations general assembly the United States does not want international atomic control.

Vishinsky brought President Truman into the atomic debate again. He quoted the American President as saying recently in Milwaukee that the United States must continue to develop atomic weapons until the "correct" form of international control is in effect.

Gesturing with his arms as he spoke, Vishinsky told the assembly that this apparently meant the Americans would continue developing atom bombs until the western control plan is adopted.

Such an attitude expressed by Mr. "Truman" means, Vishinsky said, that "you are in a vicious circle of contradiction."

The Russian demanded that the delegates approve the Soviet plan for atomic control. He shouted that there is no basis for agreement now between the western and Russian plans.

Vishinsky spoke nearly 90 minutes. As he left the rostrum he received a burst of applause from the Slav bloc.

Mrs. Vijayalakshmi Pandit, chief Indian delegate and ambassador to Moscow, told the delegates after Vishinsky spoke that India could not agree to international control of atomic materials while oil and similar materials remained in private hands.

Mrs. Pandit proposed an amendment to the western proposal. The majority of the 53 nations in committee has favored approving the western plan as drawn up by the majority of the 11-nation atomic commission. Her amendment proposed that the assembly "approve in substance" the majority report.

Vishinsky fought against a majority provision that the Atomic Commission resume its work where it was suspended last spring when the east-west impasse showed no signs of breaking.

Paul Ramadier, French minister of defense, told the assembly his delegation would vote for the majority plan.

U. S. Delegate Warren R. Austin opened the atomic session yesterday with a demand that the delegates approve the majority report of the Assembly's Political Committee, which backed the western view on atomic energy.

Vishinsky's rejection of the majority report was the Soviet bloc's counter-attack.

The assembly is debating two major proposals.

The Political Committee reported the western majority plan to the assembly. This plan calls for the five great powers—the United States, Britain, France, Russia and China—plus Canada to consult among themselves in an effort to find a solution to the atomic problem.

The Boston Gazette, a leading newspaper, never had more than 2,000 circulation.

have to turn political hand springs to go along on that one.

And the Republicans who didn't have to run or who came back after not necessarily convinced that a vote for the Taft-Hartley Act was fatal to those who didn't return.

Farm Also Cited

The Republicans were more inclined to think they lost the election because midwestern and western farmers were afraid a change in administration might hurt their prospects for future government price supports, reclamation services and other benefits.

That may be reflected in the development of a more solid bipartisan farm bloc in Congress in the next two years.

Labor, too, will get more attention—if that is possible.

The A.F.L. Labor's League for Political Education had an almost perfect record in calling its shots

in the Senate races.

Nine Republicans it opposed, including seven incumbents, were flattened by the Truman-driven steam roller and only two of the league's endorsed candidates failed to make the grade. They are Frank Hook, Michigan Democrat, and Archibald S. Alexander, New Jersey Democrat.

President William Green of the A.F.L. said the people had "reputed the miserable record of the 80th Congress."

Mr. Truman's win not only routed the Republicans and Henry Wallace's Progressive Party, but it apparently killed off a labor move to form a new party.

Jack Kroll, director of the C.I.O.-Political Action Committee, came out against such a third party.

The States' Rights Party, headed by Gov. J. Strom Thurmond of South Carolina, served notice it will continue its fight against the President's civil rights program.

Thurmond won four states—South Carolina, Mississippi, Alabama and Louisiana. But Mr. Truman demonstrated that the

Democrats still can win even a close election without the solid south.

Thurmond still was feuding with Democratic Chairman J. Howard McGrath over McGrath's recognition of an opposition group as the official representatives of the Democratic Party in South Carolina.

But McGrath appeared determined to kick the States' Rights out of the party councils. He probably will call the national committee together here soon to reorganize it with Truman men in control all down the line.

Two things seemed certain: Henry Wallace is through as a national political figure. He got little over 1,000,000 out of a total vote that may fall considerably short of the expected 50,000,000 mark.

Thomas E. Dewey won't get another chance (he has had two) to run as the Republican nominee for President.

He finished a fairly close second to Mr. Truman in the popular vote of Truman 22,288,519, Dewey 20,420,065. But Mr. Truman led in 28 states with 304 electoral votes. Dewey was ahead in 16 with 189 electoral votes. Thurmond led in four with 38 votes.

swayed with a flat "no" a question as to whether he would run for the presidency a third time.

And he said any talk that he planned to resign now as governor was "pure fiction." His term runs through 1950.

But he did say he had no plans to run for the governorship again. He was elected in 1942 and re-elected in 1946.

Dewey is known to have in mind a new career in private law practice. Long ago he told friends that if he missed the presidency this time, he would step out of politics as soon as feasible.

After he gets some rest, Dewey is going to analyze the election returns in an effort to find out just what wrecked his White House chances.

He said yesterday he was just as surprised as anybody else at the trimming Mr. Truman gave him.

Protest Is Made

Tehran, Iran, Nov. 4 (AP)—A usually reliable source said today Iran has protested to Russia that Soviet soldiers invaded Iranian territory last week. The report of the protest was not officially confirmed. A government spokesman said 200 Russian troops, with armament, including a tank, crossed the frontier from Soviet Azerbaijan Oct. 26 and fought a four-hour battle with Iranian frontier guards. One Iranian guard was slain and a number of others wounded, he said.

## No Flat Return To Wagner Law Is Seen Likely

Washington, Nov. 4 (AP)—Whatever the fate of a Taft-Hartley Act repeal drive in Congress, there appears little prospect of a flat return to the New Deal Wagner labor law.

Union leaders claiming—and receiving—credit for a major share in President Truman's upset election victory may not be completely happy over the final result.

For one thing, there is the real question of whether the new Democratic Congress will be in a mood to wipe out the Taft-Hartley Act.

For another, it seems likely that Mr. Truman—despite his and the Democratic platform's pledge for outright repeal—will wait some legal weapons for dealing with special labor-management fights, such as those that affect the public welfare.

Thus, while the President is certain to ask for repeal, he may accompany that request or follow it with another for less sweeping, and what he has described as non-punitive, measures for dealing with certain labor situations.

The President on several occasions has made use of the strike-banning court injunction powers in the Taft-Hartley Act. The most notable ones were against John L. Lewis and his United Mine Workers.

Nearly two years ago Mr. Truman asked Congress for "effective" machinery to control nationwide strikes involving the public interest. He called for a comprehensive study, leading up to the assembly of that kind of machinery.

In order to get rid of some parts of the Taft-Hartley Act which they particularly dislike, labor leaders conceivably might be willing to accept certain other sections—particularly if it looked like Congress would balk at outright repeal. That could lead to a compromise between Mr. Truman, Congress leaders and the union chiefs who helped return him to the White House.

Big, Big Smile

Moscow, Nov. 4 (AP)—U. S. Ambassador Walter B. Smith had a big smile today. After reporting to President Truman in the United States during the campaign, Smith had the foresight to take a 15-1 election bet in New York. The returns enriched him by \$1,500.

Protest Is Made

Tehran, Iran, Nov. 4 (AP)—A usually reliable source said today Iran has protested to Russia that Soviet soldiers invaded Iranian territory last week. The report of the protest was not officially confirmed. A government spokesman said 200 Russian troops, with armament, including a tank, crossed the frontier from Soviet Azerbaijan Oct. 26 and fought a four-hour battle with Iranian frontier guards. One Iranian guard was slain and a number of others wounded, he said.

## Big, Big Smile

Moscow, Nov. 4 (AP)—U. S. Ambassador Walter B. Smith had a big smile today. After reporting to President Truman in the United States during the campaign, Smith had the foresight to take a 15-1 election bet in New York. The returns enriched him by \$1,500.

## County Residents Are Invited to Have Chest X-rays

Residents of Ulster county are invited to have a free chest X-ray during the Kingston survey now in progress, according to an announcement made recently by Dr. George James, Ulster county commissioner of health.

Many inquiries and individual requests for the free health service have been received by the Health

Department of late and in notifying all residents to feel free to participate, Dr. James suggested that afternoon hours from 1 to 5 were best for persons residing outside Kingston to have their X-ray. Ward canvassing with special hours has been organized throughout the city but according to Commissioner James, every county resident is welcome, who is 15 years of age or over.

The present location is in the Third Ward at the Central Fire Station where the unit will be located for three days—November 4, 5 and 8. Other locations are: November 9, 10, 12, Ward 11;

Home for the Aged, 80 Washington avenue.

November 15, 16, 17, Ward 4, White Eagle Hall, 475 Delaware avenue.

November 18, 19, Ward 9, Municipal Auditorium, Broadway.

November 22, 23, Ward 6, School No. 3, Chambers street.

November 24, 25, Ward 7, Cornell House Co., Abel street.

November 29, 30, rally.

In commenting upon the response to the survey thus far in the city of Kingston, Katharine M. Murphy, executive secretary of the Ulster County Tuberculosis and Health Association, said: "Since October 4, when the survey started, over 7,000 X-rays have been taken. Volunteer assistance has been excellent."

### Boy Flees Hospital

Grantham, England (AP)—The hospital nurses were pretty, but 13-year-old John Coe decided he just didn't want an operation. So he ran away in his pajamas. He sprinted through half a mile of busy streets to his home, but pursuing attendants got there almost as quickly in a taxi. They persuaded him to return to the hospital. John's mother said he has had the operation now and is getting along fine.

## ALLIGERVILLE

Alligerville, Nov. 3—Local children held their annual Halloween party Saturday night at the school house.

John Santosky suffered a broken foot recently.

Mrs. H. E. Dewitt is reported to be improved following her recent illness.

Mrs. Stanley Hall is reported to be improved following a recent operation. She is a patient at the Benedictine Hospital.

Mrs. Alfred Reilly of Virginia is spending some time with her sister and brother-in-law, Mr. and Mrs. Stanley Hall.

Mrs. DeWitt were Mr. and Mrs. William Brady, Mr. and Mrs. Alfred J. Bruckert and son, Jimmy and twin sons, Edward and William of Kingston; Dr. DeWitt and daughters, Gay and Karen of New Paltz and Miss Ethel Beatty of Stone Ridge.

Miss Clara Van Steenberg, Miss Mary Norton and Mrs. Viola Saulpaugh of Kingston and Mr. and Mrs. William Conner of Cottkill called on Mrs. Parker and Mr. and Mrs. John Conner on Sunday.

Mrs. Erle Battelee is home after visiting relatives in Detroit, Mich.

Mr. and Mrs. Merrick Bellows of New York, Mr. and Mrs. Frank Barnhardt and daughter, Janette and friend, spent the week-end at the home of their father.

School was closed in Alligerville on Tuesday.

A fire was reported at the home of Mrs. Brasseman last Sunday.

The householder now can shift from a hand-set thermostat to an automatic clock model for heating control in five minutes. The new electric robot is powered by a 110-volt clock motor, which will work directly from an electrical wall plug without a special transformer.

## McKENNEY ON BRIDGE

Second-Hand-Low  
Not Always Good

BY WILLIAM E. MCKENNEY  
America's Card Authority  
Written for NEA Service

Today's lesson hand shows that the rule of "second hand low" must not be followed blindly. It is true that, in most cases, it pays for second hand to play low. But this cannot be taken as a hard and fast rule. You must always stop and think.

The bidding of today's hand is simple. Declarer is in a four spade contract and receives the normal opening of the three of diamonds. East wins the trick with the ace and declarer's singleton queen drops. East properly returns the four of diamonds, showing his partner a four-card suit. This declares trumps with the seven of spades. Now the ace, king and jack of trumps are cashed, picking up the outstanding trumps.

Declarer hopes to break the club suit 3-3, so that he can discard one of his losing hearts. But the club suit does not break. South wins the third club with the ace and then leads the jack of hearts. If you are sitting in the West position, there are two rules that may confuse you at this point. The first is the one I quoted at the beginning, "second hand low." The second is "always cover an honor with an honor." You do not just guess at which rule to follow. If you let this trick ride and your partner has the king of hearts, declarer is bound to make a heart trick. But if you capture this trick with the ace and your partner happens to hold the king and nine of hearts, then you may win two more heart tricks.

Therefore, you disregard the rule "second hand low" and you go up with the ace of hearts. Now you can lead another diamond and force declarer to use his last trump. South then must lose two more heart tricks, so he has lost a diamond and three heart tricks—down one.

Purdue Avenue  
Returned to Owners

Culver City, Calif., Nov. 4 (AP)—The property owners on Purdue avenue have their street back now. It wasn't lost, strayed or stolen. They just had forgotten about it.

Recently a resident suggested to neighbors it would be nice to have the avenue paved. One of them thought it had been once—back about 1921.

A query to the city hall evoked the answer: "What street?" The city had no record of it. Seems they were lost years ago.

But workers were sent out to dig around. At two and a half feet they hit pavement, a little worse for wear—but there.

Older settlers then recalled how it happened. Rain water had flooded the area so often residents tired of shoveling sluff off the street after each storm.

POTATOES MAKE A MEAL IN A DISH

Potato-chipped beef bake is a meal in a dish. By GAYNOR MADDOX NEA Staff Writer Today, one of the best tools for the menu maker with little money is the low-cost potato.

Remember this: though there is some protein in potatoes, the amount is not very large. But if you combine potatoes with meat, fish, milk, eggs or cheese, you add high quality protein that improves the potato protein.

Potato-Chipped Beef Bake (6 servings) Four tablespoons butter or fortified margarine, 4 tablespoons flour, 2 cups milk, 2/3 cup grated sharp cheddar cheese (3 ounces), 4 ounces chipped beef, 1 tablespoon diced onion, 1 tablespoon butter or fortified margarine, 2 cups cooked diced potatoes, few sprigs of parsley.

Local Adventists Aid  
In European Relief Fund

The Kingston Seventh Day Adventist Church, the Rev. Edwin Crosby, pastor, participated Sunday in the fourth annual famine relief fund for Europe. Approximately \$600,000 is being sought in this one day North American drive to aid the suffering.

The Rev. Mr. Crosby said today that to date \$2,133,044.99 has been used by the Adventists in sending C.A.R.E. packages of food and clothing to the Euro-

peans. A special annual week of prayer and sacrifice will be observed by the local Adventists. On November 30, the close of the special week of prayer, contributions will be given supporting the denomination's missions, schools, hospitals and overseas institutions.

The first daily in America was the Pennsylvania Packet and General Advertiser, started in Philadelphia in 1784.

One of the historic newspapers in the struggle for liberty was the Federalist founded by Alexander Hamilton.

## What Goes On?

Marilyn Buford, Miss America of 1946, draws on a stocking as she prepares to model a gown created for her in Rome, Italy. The beauty queen is wearing the creation of Moschini, leading Italian designer.

The colors of plants may serve to protect them from harmful ultraviolet rays, according to the Encyclopedia Britannica.

## Future Foreign ...

Continued from Page One  
seems likely to be presented to Congress next session.

Hence the new problems of these critical areas raise the prospect of important spending quite apart from the multi-billion dollar European recovery program with its demands on both money and goods at a time when this nation's own production and consumption are at peak levels.

## May Ease Handling

Democratic control of Congress is expected to ease somewhat President Truman's handling of these problems, especially where money is concerned. Administration officials who were confronted last session with the avowed "meat-axe" methods of Chairman Taber (R-N.Y.) of the House Appropriations Committee are jubilant at the switch in party control.

Yet in the Senate the Democratic administration still may have to rely to some extent on the expected support and obvious prestige of Senator Vandenberg.

(R-Mich.) in seeking approval for bi-partisan foreign policy legislation. In that body, however, the leadership of vice-president-elect Barkeley, as president of the Senate, should prove a great new asset to the White House and State Department.

In the department itself, Mr. Truman apparently will have to find a new team to replace the Marshall-Lovett combination which has carried through the revolutionary new foreign policies of his administration for the past 18 months.

Both General George C. Marshall, who took office as secretary in January, 1947, and Undersecretary Robert A. Lovett, who moved in six months later, are understood planning to resign on or before inauguration day, January 20.

## May Get Cabinet Post

There has been some mention of the possibility that Vandenberg—who no longer will be chairman of the Foreign Relations Committee—might be asked to move from the Senate into the cabinet.

The first big foreign matter

which Mr. Truman is slated to take up well before his new term begins is that of negotiating the North Atlantic Military Alliance. Along with Canada and this country, that pact initially will embrace the key nations of western Europe—those forming the Western European Union. They are Britain, France, Belgium, The Netherlands and Luxembourg.

The outline of the proposed alliance already has been worked out. Both American and foreign diplomats here said one notable result of Mr. Truman's election is that it eliminates the period of uncertainty that otherwise might have existed between a Thomas E. Dewey victory and the time he would have taken office. Now, the next developments in U. S. foreign policy are expected to occur without any major time lag.

Another result of Mr. Truman's upset victory may be to remove any lingering doubts in the Kremlin as to the extent of American support for the stop-Russian program which has constituted the heart of Mr. Truman's major policies—the Truman Doctrine of aid for Greece and Turkey and

President Gets  
Winner's Welcome

Jefferson City, Mo., Nov. 4 (AP)—Missouri's capital city gave President Truman a winner's welcome today.

Thousands of persons jammed the rail yards to cheer the "Little Man from Independence" who won

other "free" peoples, the Marshall Plan, aid to China and the like.

A sidelight was the dismal showing of Henry Wallace's Progressive party—loudly promoted in Soviet propaganda as the real hope for peace in the world. Wallace polled only about 1,000,000 votes.

The President himself insisted through the campaign and reaffirmed in his post-election statement his intention to work for real peace. But he also has committed himself by word and action to the policy of "peace with honor," meaning no appeasement of Russia.

election to the presidency against what the experts thought were impossible odds.

The crowd started cheering and waving even before the special train came to a stop to pick up water.

The President, grinning broadly, waved back from the rear platform. He told the crowd that with election he had new and greater responsibilities and he asked for public help.

"We'll do her," roared a spectator with a louder voice than the rest.

The President disappeared inside the train to greet Gov. Phil M. Donnelly and other official visitors. Then he returned to the platform and the howling crowd.

He said he wanted to read a telegram from the Washington Post, inviting him to a "crowd banquet."

The telegram said newspapers, radio commentators and pollsters would be required to eat tough, old crow but the President would get turkey.

The President did not say whether he would accept.

## Last Body Is Recovered

Glossop, Derby, England, Nov. 4 (AP)—The last of 13 bodies of American airmen were recovered today from the wreckage of a B-29 Superfortress that crashed and burned yesterday on a mist-covered mountain near here. All aboard, three officers and 10 enlisted crew members, were killed. It was the first Superfortress accident in Britain since 90 big bombers of the Third Air Division arrived here last summer. Names of the dead are being withheld. Seven bodies were found last night but, because of fog, the search was interrupted until this morning.

The frequently quoted saying, "Go West, young man," usually attributed to Horace Greeley, actually was originated by an editor of a Terre Haute (Ind.) newspaper.

Continued from Page Four

1940, knowing that we were hell-bent for war.

Resuming the letter: "My first knowledge of the affair came from a letter from the Secretary of Agriculture (Wallace) to the Secretary of State (Hull) asking formal clearance for a proposed expedition to be sent by Agriculture to Mongolia to collect seeds of a drought-resistant grass. The expedition was to include Roerich, who was to be the leader, several scientists from Agriculture and armed guards, to be supplied, as I recall, either by the Peking Marine Detachment or by the Army Guard in Tientsin.

Note, please, that Wallace and Roosevelt himself were going to commit American men to any folly that Bubblehead's Guru might kick up, possibly to be killed for the gratification of a slobbering jumble-wit's religious infatuation. Remember, too, that Roosevelt had ample proof of Roerich's dangerous character.

"This letter (from Wallace to Hull) was referred to the Far Eastern Division of the State Department of which I was then a member. The area in which the expedition was to operate was then, as now, in confusion and disorder. There was free-for-all fighting among all the parties—Japanese, Chinese, Mongols, Russians and Manchus. A letter was sent to Agriculture vetoing this hare-brained scheme. The Chela (Wallace) then went to the President (Roosevelt) who vetoed Hull's veto and gave his approval.

Now we have Roosevelt himself implicated in Bubblehead's plan contrary to the judgment of the State Department which was based on the fact that—

"For almost 20 years Nicholas Roerich had been regarded as a suspicious character and had been carefully watched. There was in the State Department an enormous dossier on Roerich which began, I seem to remember, with a report from the British in India describing a Russian couple who had debauched over the Himalayas shortly after the Russian Revolution and took a small cottage somewhere in the hills. Even during his stay in the United States, Roerich made several trips to Central Asia for purposes which were not clear.

"Kermit Roosevelt, (a son of President Theodore Roosevelt), whom I hold in affectionate memory, told me that when he and Suydam Cutting were once coming down from the Himalayas and were following the uppermost reaches of the Yangtze, coming around the bend in a precipitous gorge, hundreds of miles from nowhere, they saw a procession headed by a white woman wearing a picture hat and carrying a fluffy parasol. It was Mrs. Roerich. (Known by the cultish name of Modra) Henry Wallace and other intimates of the goofy esoteric circle.

"Her husband was with her. They gave no information as to where they were bound or for what purpose."

This informant's inside information confirms my own published accounts of the dispersal of the expedition, the exile of Roerich to India by a threat of prison for a framed-up income tax evasion and Bubblehead Wallace's dishonest and cowardly attempt to suppress his humiliating conduct. The banishment of the Guru was a part of that scheme.

"The important thing," the letter concludes, "is that the expedition went out not merely without the official approval of the State Department but against its objections and disapproval, thanks to the intervention of the President."

The truth of all this is proved by the very fact that the expedition went without permission of the State Department, which Roosevelt alone could overrule. Therefore, he knew about Wallace's relations with Roerich. And, with Roosevelt's many secret agencies in many departments, and remembering the interest of many New Dealers such as Wagner, Bloom, and Ernst, it is not easy to believe that he was ignorant of the goofy Guru letters when he made Wallace vice president.

## \$500,000 Swindle Against Czechs Is Alleged in Court

New York, Nov. 4 (AP)—An international swindle against concentration camp survivors from a Czech town was alleged yesterday in a magistrate's court.

Assistant District Attorney Lewis Joseph made the accusation in the case of a Brooklyn couple, Nathan and Charlotte Spiro, charged with grand larceny.

The charge involved only \$5,000.

The Spiros were held without bail for grand jury action by Magistrate James A. Blumhild in Flatbush court after five hours of testimony.

Joseph told the court that last-minute developments would enable him to produce evidence before a grand jury of misappropriation of \$500,000 in cash, gold and valuables from seven or eight inhabitants of Voniho, Czechoslovakia.

Joseph said transfers of this value were arranged during trips to Europe by the Spiros, that would be immigrants were told this was the only safe means of transferring and that they later were denounced to American or British authorities before they could complain.

The original complaint was filed by Abel Berkovic, 45, of New York, a brother-in-law of Mrs. Spiro and former fellow-townsmen of the Spiros in Voniho.

Berkovic said he and his wife were with Mrs. Spiro—who is 26, blond and attractive—in a concentration camp where his three sons were cremated.

He said he later retrieved \$5,000 buried near his home and arranged in Paris to transfer it for safekeeping to the Spiros in New York, but never got it back.

Joseph then produced a witness, Mendel Teitelbaum, also of Voniho, who said he had just spent nine months on Ellis Island and

was cleared of charges of having a false passport.

Teitelbaum testified he gave Mrs. Spiro \$2,600 in cash and jewelry to take to America after she allegedly told him they might be confiscated from him. He said that on arrival she threatened to denounce him to immigration authorities, who, he said, seized him two days after he complained about her to police.

Teitelbaum's attorney, Murry Boxer, said another couple who wished to file charges against the Spiros were arriving from England, where they had spent a year in prison on a gold smuggling charge after an alleged arrangement with the Spiros aboard a Brussels-London plane.

## Deadly Danger Seen

New York, Nov. 4 (AP)—Gen. Dwight D. Eisenhower, president of Columbia University, said last night that because of "isms" in the world, America "faces a more deadly danger than in 1941." Addressing the annual dinner of the Chamber of Commerce of the State of New York, Eisenhower urged the marshalling of intellectual and other forces "to defeat utterly those false 'isms' and the philosophy of dictatorship." Declaring that the function of a university is to build "a solid wall of defense against 'isms,'" Eisenhower said that at the same time it should encourage intelligent rebellion which seeks betterment in the country.

## Woodstock News

### Masonic Welfare Dance, Show Nov. 8

Woodstock, Nov. 4.—Overwhelming support is being given the Woodstock Masonic Square Club, according to its president, Adolph Heckeroth, for the dance and entertainment to be held Monday evening, Nov. 8th, in the Town Hall for the benefit of the organization's welfare fund. Said Heckeroth, "The advance sale of tickets shows excellent support from the nearby communities including Saugerties and Kingston which promises a happy get-together of Woodstock and its neighbors."

The entire proceeds from the affair will be devoted to the welfare fund for the relief of worthy individuals regardless of affiliation or creed. It was learned that through this fund last year the organization sponsored the Woodstock Club Scouts, paid for summer camp experience at junior Y.M.C.A. camps and assisted young people in their various problems. It is now the intention to develop the welfare fund so as to broaden its purpose and usefulness.

Besides the dancing, music for which will be furnished by Frank Zano's orchestra there will be many outstanding features performed by well-known personalities. Willard Overbaugh, Saugerties, who is responsible for the entertainment, announced that many magic surprises might be expected from Fred L. Van Deusen, Stone Ridge. Through the courtesy of Bob Teetsel, Erskine Butterfield, the Vagabond of the Keys will be included on the program. Butterfield is currently being heard at The Barn.

The committee in charge of what promise to be one of Woodstock's really gala entertainments include Anthony J. Delisio, chairman, Salvatore Castagnola, Warren Hutter, Joseph Holdridge, Leon Carey, and Milton House of Woodstock, and Charles Young and Herbert Powell, Kingston.

### Concert for Dental Project on Sunday

Woodstock, Nov. 4.—The program for the concert which will be given Sunday afternoon at 3 o'clock in the Town Hall, for the benefit of the Woodstock Health Center, and during which three of Woodstock's best-known artists will be heard includes Grieg's Sonata for cello and piano by Dr. Hans Cohn, cellist and Inez Carroll, pianist, and Mendelssohn's D Minor Trio for violin, cello and piano. Frank Mele, violinist, will perform this trio with Dr. Cohn and Inez Carroll. Proceeds from the concert will be used for the continuance of the children's dental program which began last year and included children through the second grade. The Public Health Committee hope that the fund raised on Sunday afternoon will be sufficient to add the third grade children to this year's program.

Since the work of Grieg and Mendelssohn are to be heard on the same program, it might be interesting to some to note that at the age of about 16 years, Grieg conspired as he said "against" the Mendelssohnian-

### Girl, Boy Crowned As Most Popular

Woodstock, Nov. 4.—Mary Trip lico was elected and crowned the most popular girl in the township of Woodstock and Bruce Reynolds received the same honor for the most popular boy. The young people were crowned and given their respective titles before an audience of 500 persons last Saturday evening in the Town Hall during a costume party sponsored by the Girl Scouts. In officiating at the ceremony Walter Van Wageningen, principal, School District No. 2, stated "I have always wanted to crown some of my children and I am delighted to have this privilege granted to me."

The party which was an even greater success than anyone could possibly have anticipated, began with Neva Shultis telling, "Halloween story. The Brownies sang as did the senior troop. The intermediate group, however, did a short skit titled "The Witch's Pie." Anita Dickhaut and Beverly Bury played the leading parts. George Sigelov was master of ceremonies.

Generous as usual of their talents, the Woodstock Society of Chambers delighted the large audience with their unusual kind of music. This group is comprised of numerous artists, cartoonists and writers, including John Pike, Dave Huffine, Carl Hubbell, Bill Pachner, Sidney Berkowitz, and Konrad Cramer. Prizes for costumes were awarded to Carrie Riley, Hukula girl; Stewart DeWitt, fat woman; Carl Van Wageningen, fireman; Joya Webster, white rabbit. The judges for this contest were John McClellan, Anthony J. Delisio and Mrs. William Mower. The festivities concluded with the scout song.

This second annual party to which the Girl Scouts were hostesses to residents of the township was directed by the leader, assistant leaders and troop committees.

### Foundation Gives \$942; New Trustees

Woodstock, Nov. 4.—An illustrious board of trustees was elected at the second annual meeting of the Woodstock Foundation, Monday afternoon in the Art Gallery. The list includes John Pike, David Huffine, C. J. McCarthy, Charles Rosen, Sidney Berkowitz, Mr.

Carl Eric Lindin, Miss Alice Henderson, Allen D. Elwyn, Thomas Carey, Louis Segal, the Rev. Harvey I. Todd, John Striebel, Mrs. Rosalind Brennan, William Pachner, Mrs. Margaret Carlson, Anthony J. Delisio, Dudley Summers and Carl Hubbell. This board will serve for a term of one year.

It is expected that the newly-elected board will call a special meeting within the next 10 days to elect the officers of the Foundation for the next year. The Woodstock Foundation was organized a year ago to assist worthy artists, musicians, writers, actors, craftsmen, in fact, anyone doing outstanding creative work but who is hampered by the lack of sufficient income to pursue such work. During the first year of its existence, the Foundation granted awards totaling \$942.

The financial report read at the meeting follows:  
Contributions in 1947 . . . \$50.00  
Contributions in 1948 . . . 872.00  
Playhouse benefit . . . 741.20

Total receipts . . . \$2,463.20  
Awards granted . . . 942.00

Balance on hand . . . \$1,521.20  
When the trustees next meet, they will determine the courses to be followed for future awards.

### New Girl Scout Troop Organized

Woodstock, Nov. 4.—Ten girls were invested in the new Fly-Up Troop 74, Tuesday afternoon, in the Dutch Reformed Church Hall. Included were Ellen Feeley, Julie Gilligan, Mary Lapo, Claire McMahon, Elva Shultis, Diane Mower, Carol Fabian, Muriel Rade, Donna Riseley, Barbara and Vivian Thompson. The organization of this latest troop brings the total number of Girl Scout troops in Woodstock to four.

Attending the investiture was Brownie Troop 27 whose committee was in charge of refreshments and the girls' parents. Those responsible for the ceremony were Mrs. Theodore Lee, leader; Mrs. James Kinns, assistant leader; Mrs. John McClellan, Mrs. Lewis Wilson, Mrs. Irwin Arlt, and Mrs. L. Fabian.

Scout pins were given to the new members who were also the first girls in this community to receive the Fly-Up Wings. The troop includes those of an age between the Brownies and the younger intermediates.

All scouts and their parents have been invited to "Scouts Own Sunday" November 7, in Kingston. Each troop is requested to provide its own transportation.

### Home Bureau Meeting

Woodstock, Nov. 4.—The next meeting of the Woodstock Home Bureau unit will take place in the Dutch Reformed Church Hall on Tuesday afternoon, November 9, at 2 o'clock. The feature of the afternoon will be a demonstration of electrical equipment by a representative of the Central Hudson Gas & Electric Company and the topic will be "Cookies, Cakes, and Casseroles." The officers of the unit have requested all members to attend this meeting.

### Committees Named For Library Event

Woodstock, Nov. 4.—Numerous committees have been appointed in preparation for open house at

the Woodstock Library Friday afternoon, Nov. 26. Co-chairmen for this occasion will be Mesdames William E. Boyd, Walter VanWageningen and Harvey I. Todd.

Mrs. Carl Eric Lindin is chairman of the refreshment committee and will be assisted by Mesdames Frank Bradley, Pearl Shultis, Houston Richards, Victor Lasher, Morris Klein, Fred Mower, Elizabeth Wyman, Dave Meyer and the Mesdames Elsa Kimball, Katrina Fischer, Florence Pepper; also, Mesdames Walter Seaton, Martin Comeau, Oliver Shultis, and Charles Bennett.

Boyd, Morris Klein, the Rev. Harvey I. Todd and Frances Rogers.

### Christian Scientist Will Give Lecture

Woodstock, Nov. 4.—Archibald Carey, C. S. B., of Detroit, Mich., will be the guest speaker under the auspices of the First Church of Christ, Scientist, Woodstock, Tuesday evening, November 9, at 8 o'clock in the Town Hall. His topic will be "Christian Science: How It Can Help You."

Mr. Carey is a member of the board of lecturers of the mother church, the First Church of Christ, Scientist, Boston, Mass. No admission will be charged for the lecture and the public is cordially invited to attend.

### Around the Village

Woodstock, Nov. 4.—Edward Millham is busy these days preparing for his one-man show at the Associated American Artists Gallery in about two weeks.

Fanny Ganso, well-known art director, who is greatly admired by Woodstock artists, will soon open the lower gallery at the Associated American Artists premises. During a recent visit to Woodstock, Mrs. Ganso invited several artists to be represented in her opening group show. Included are Howard Mandell, Edward Chavez, William Pachner, and Ethel and Jenny Magafan.

Herman Cherry and Denny Winters arrived in Paris about 10 days ago and are already hard at work painting. They report a most interesting and stimulating visit with old acquaintances and new ones. They expect to remain in Paris for some time before going on to Italy.

A panel by Bruce Currie titled "Cleo and Chloe" has been purchased by Woman's Home Companion for publication in the November or December issue.

From reports coming through Wednesday following election, it is doubtful if anyone in the community had any sleep. It appears that no one dared leave the radio, lest the President should be named without their knowing it just as soon as their neighbors. Numerous election eve parties were held throughout the town. Mr. and Mrs. Harley Parks are receiving congratulations on the birth of their first child, a son, Richard Earle, in the Kingston Hospital last Friday. Mrs. Parks is the former Miss Snyder, daughter of Mr. and Mrs. Earl Snyder. Wilma Hervey who has been ill for the past several weeks has reached the convalescent stage and showing great improvement. Mr. and Mrs. Fred Dana Marsh

will leave this week for their Florida home in Ormond Beach, where they will be for the winter months.

Miss Mary Riley will go to New York on Monday where she will be associated with an advertising company and also receive training in the Conover Model studio.

Michael Linenthal  
Boston Repertory  
Woodstock, Nov. 4—Beginning

Friday of this week, Michael Linenthal, manager-producer of the Woodstock Playhouse, and Gerald Savory, playwright-director, of Woodstock, will open the Boston Repertory Theatre, presenting "The Road to Rome." During the past year, besides his activities during the summer season at the Playhouse, Linenthal assisted by Savory has been raising capital for the Boston project, and when the sum of

## China Draws Its Defense Lines in Toward Nanking

Nanking, Nov. 4 (AP)—Nationalist China today drew its defense lines closer to Nanking as its leaders hoped for some miracle to save the country from the threat of Communist conquest.

Faced with a cabinet crisis, economic collapse, and the loss of numerical superiority over his Communist foe, Chiang Kai-Shek appeared determined to carry on

the fight against the Reds.

A demand for an end of the struggle and a coalition with the Communists—which is openly favored by many as an unhappy but the only remaining solution of the nation's problems—still has not figured in the government's plans.

It appeared that the government's last remaining forces in central China were being moved into position to block Red Gen. Chen Yi should he attempt to thrust in strength past Suchow, 170 miles north of the national capital.

A military spokesman told a news conference that more than 25,000 Red troops now were operating in the rear of the govern-

ment defense line but that they were mostly irregulars.

It was estimated here that more than 400,000 government troops were now massed between Nanking, the Yangtze river and Suchow fronts. They were described as only mediocre troops—but the best Chiang has to put into the field.

### Grand Jurors to Meet

The Ulster County Grand Jurors Association will hold their annual banquet on Wednesday, November 10, at 7:30 o'clock at Schoenling's Hotel, Saugerties road.

## Armistice Ball Dance Stars

These two leading satirists of the dance are scheduled on the entertainment program for the 30th annual Victory Ball of Kingston Post, 150, American Legion, Thursday, November 11, at the municipal auditorium. They have appeared at leading theatres and night clubs all over the nation, recently at Radio City Music Hall in New York. Heading the galaxy of stars at the ball will be Joe E. Howard of stage, radio and screen fame, who will appear in his condensed Gay 90's Revue. Two local orchestras will furnish music. Salvatore Castiglione and his 10-piece ensemble will play the concert, starting the evening's proceedings. Don Pierson and his popular band will furnish dance music. Ticket sales indicate that seats will be at a premium soon after the doors open at 7:30 p. m.

### Witnesses Have Date With U. S. Grand Jury

Los Angeles, Nov. 4 (AP)—Ten reluctant witnesses have new dates, with a Federal Grand Jury investigating Communist activities.

The 10 refused to answer certain questions last week, were cited for contempt of court by Federal Judge Peirson M. Hall and ordered to jail October 26.

Eight were jailed until released on \$500 bail each, yesterday, pending determination of their appeal in the U. S. Circuit Court of Appeals at San Francisco. Two women had remained at liberty while arranging for care of their children.

Of the 10, six men were subpoenaed to appear before the grand jury again today. The four women were ordered to appear November 10.

### 2,653 New Users Join Central Hudson

In the nine months' period since January 1, 1948, a total of 2,653 new customers have joined the power lines of the Central Hudson Gas & Electric Corporation. This reflects a continued increase in the demand for electricity and has required extension and reinforcement of all the company's electrical facilities.

Construction of new high-voltage primary lines was necessary to supply 720 of the new customers with electricity while 1,150 customers were supplied by low-voltage secondary line extensions.

## Two Women Are New in Congress

Washington, Nov. 4 (AP)—Two new faces, one a Democrat and the other a Republican, will feature the increased feminine representation in the 81st Congress.

Judge Reva Beck Bosone, the first woman police judge in Salt Lake City, won on the Democratic ticket in Utah, and Mrs. Cecil M. Harden of Covington, Republican national committeewoman, was elected in Indiana.

The "feminine bloc" in Congress was one place where the Republicans did not lose their numerical lead. They will have five party members to four for the Democrats in the coming session. In the last Congress there were seven women—four Republicans and three Democrats.

Of the nine women lawmakers, one will be in the Senate and eight in the House.

Rep. Margaret Chase Smith (R-Me.) was elected to the Senate in September. The House winners survived from among fifteen contenders—ten Democrats and five Republicans.

Back again after an absence of one term will be Mrs. Chase Going Woodhouse, Connecticut Democrat. In the 1946 Republican sweep she lost to Rep. Horace Seely-Brown, Jr., but swept back to victory on the Democratic tide Tuesday.

Other Democratic winners are: Rep. Mary T. Norton of New Jersey, dean of women lawmakers, elected for her 13th term.

Rep. Helen Gahagan Douglas of California, actress wife of Melvyn Douglas, elected for her third term.

These others are in the Republican lineup: Rep. Edith Nourse Rogers of Massachusetts, unopposed for her 13th term.

Rep. Frances Bolton of Ohio, re-elected for her sixth term.

Rep. Katharine St. George of New York, a newcomer in the last Congress.

Judging by their records, the women lawmakers are expected to give major attention to world peace and domestic problems—high cost of living, housing, veterans affairs, education, welfare.

Only 783 of the total of 2,653 customers could be supplied from existing lines.

At the present time, Central Hudson maintains electric service for more than 92,500 home, commercial and industrial customers.

At the end of the American Revolution there were 43 newspapers in the colonies.

## They're mighty good folks to have around...

These four good people have worked for jobs they have at Esso Standard.

Over 80 years ago, the company set up an unusual "good jobs policy." It was based on the belief that better jobs would mean better workers, and that would mean a better company.

In a time like this, workers like these are mighty good ones to have on the job—good not just for the company, but also for you.

Their extra measure of skill, experience and job loyalty is setting amazing records in production to help meet an all-time record high demand for gasoline and heating oil and other products.

One reason these extra-good workers are here today is simply the extra-good

Since then, with our workers, we have developed plans which give every Esso Standard worker such job advantages as

these: uniformly good wage scales... vacations with pay... special benefits in case of sickness or accidents... chance to advance in the company... cash savings in a Thrift Plan... fair treatment at all job levels... and planned retirement with steady income assured for life.

All this was done as a matter of good business. It has given good business results. Not a strike or major work disturbance in over 80 years. Steady, skillful workers on the job. Records in production when the country needs record supply of product. Yes... they're mighty good folks to have around, from your point of view and from ours!

## New, Easy Westfield Maid Plan Lost Her 9 Pounds in 30 Days

How Westfield Maid Grape Juice helped  
Mary McCarthy lose ugly fat, gain a more attractive  
figure, without exercises, drastic diet or drugs.

Unretouched photos prove  
Westfield Maids don't lie!

This "was" and "is" Miss Mary McCarthy, private secretary of New York City, photographed 30 days "before" and "after" taking the Westfield Maid Plan of Weight Control. Thirty pounds overweight, Miss McCarthy says, "My excess weight showed around my waist and made my silhouette unbecoming. Thanks to the Westfield Maid Plan, I lost 9 pounds the first month. I have cured my abnormal appetite without suffering the usual pangs or cravings. And, I have never felt better in my life."

Yes! A month before she was eating 3,000 calories a day . . . far too much of it carbohydrates and fats. A month later she had lost 9 pounds and has never felt a craving for fattening foods, never taken a drug, never exercised.

HER HEALTH IS EXCELLENT. Vitally important, too, is the fact that a thorough before-and-after physical examination and electrocardiogram, under competent medical supervision, reveal that Miss McCarthy's health is as excellent now as it was when she first started on the easy Westfield Maid Plan for Weight Control.

REDUCING WAS EASY. All Miss McCarthy did to lose 9 pounds in 30 days (12 pounds in 41 days) was to drink a glass, consisting of half water and half full strength, pasteurized Westfield Maid pure Concord Grape Juice, as an appetite satiate, before breakfast and dinner, and another glass a half hour after these meals. She also drank another glass of Westfield Maid Grape Juice at 10 P.M. instead of her customary snack at that time.

NO CRAVING FOR EXCESS FOODS. Miss McCarthy reports that Westfield Maid Grape Juice completely satisfied her appetite with less food and that she could comfortably omit fattening foods for which she formerly had a craving.

HER WEIGHT LOSS NOT EXCEPTIONAL. Miss McCarthy's experience is not unusual. Clinical tests

under the supervision of New York medical consultant Doctor Frederic Dammann, reveal that the average weight loss of all women tested was 10 pounds per month, that the caloric intake was reduced, and further, that the health of all women tested was maintained or improved.

WHY WESTFIELD MAID GRAPE JUICE? Be sure you use pure, full-strength, pasteurized Westfield Maid Grape Juice, used exclusively in these tests. Pressed only from vine-ripened Concord Grapes, Westfield Maid Grape Juice naturally contains a different kind of sugar called dextrose which is identical with your own blood sugar, and quickly assimilated, helps your body consume excess fat. In addition, it provides increased energy, and contains Vitamins B and C. Westfield Maid Grape Juice provides more energy than grapes, fruit, orange or pineapple juices. Get Westfield Maid Grape Juice at grocery, drug, or department stores today. Westfield Maid Grape Juice is the safe, sane, simple way to weight control; also a most delicious, healthful beverage for your whole family.

If your dealer cannot supply you, send us a postcard with his name and address, and we will let you know where you may purchase Westfield Maid Grape Juice.

## One look!... One ride!... You'll know it's... the modern design for '49 new Hudson

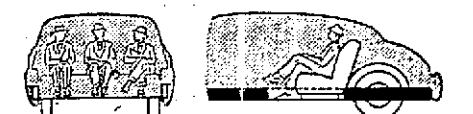

Come in, see the car that's years ahead—drive the New Hudson—experience the amazing roadability, comfort and safety of the only car you step down into!

Here's your chance to get the thrill of a real discovery—to see and feel what one of the great advances in motor-car history offers you. You'll see a Hudson of distinguished, streamlined beauty and low-built silhouette that is instantly recognizable because it is the natural result of a basically new design principle—a principle that puts this car so far ahead it is a protected investment in motor-car value! The key to this new design principle is a recessed floor. The New Hudson is the only car you step down into! By using a "step-down" zone in an exclusive, all steel Monobilt Body-and-frame, Hudson achieves the lowest car on the highway—only five feet from ground to top—while maintaining more head room than in any mass-produced car built today! But no amount of looking at this amazing car—beautiful as it is—can equal the thrill of a Hudson ride! And you are invited to enjoy that ride today! Hudson has a smooth, hug-the-road way

of going in cross-winds and on every conceivable kind of highway. When you see the way it takes even the sharpest curves, you'll know once again that this car has "The modern design for '49"—and for years to come!

Hudson's remarkable ride is largely due to the fact that its "step-down" design provides the lowest center of gravity in any American stock car—yet road clearance is ample! It is a widely recognized fact that the lower to the ground a car can be built, the more stability it will have and the safer it will be. You sense a delightful conformity to the road the minute you begin your ride, and this stability, plus the protection of riding encircled by a sturdy box-section steel frame, is a grand experience in serene, safe well-being. This grand feeling is further heightened by the remarkable ease with which this car is controlled. You enjoy this generous roominess in complete relaxation as the New Hudson glides smoothly along. We cordially invite you to see and drive the New Hudson, to thoroughly enjoy the ride that comes only with "The modern design for '49'!"

HUDSON FLOORS are recessed down within the frame (as shown above), seats are lowered, so you get more than ample head room in this car with the new, lower center of gravity. YOU STEP DOWN within a base frame (as shown above), and rear seats are positioned ahead of the rear wheels so that full body width becomes available for wonderfully roomy seats. Box-section steel girder completely encircle and protect the passenger compartment.

TRY AUTOMATIC GEAR SHIFTING in forward speeds as provided by Hudson's Drive-Master transmission—by far the easiest of all ways to drive. You can accelerate as long and as fast as you like in pickup gear, then lift your foot momentarily, and you're in high. The shift into high comes only when you are ready! Button control on the instrument panel provides instant change to conventional driving if ever desired. Drive-Master transmission is optional on all New Hudsons at small extra cost.

## Pollsters Fumble, Dewey Loses; Now They Seek Reason

New York, Nov. 4 (AP)—The pollsters were still combing through statistics today—trying to find out why their figures misled them into forecasting the election defeat of President Truman.

Latest comment from one of the country's major public opinion researchers came last night from Elmo Roper, director of the Fortune Magazine poll.

"I don't know why I was wrong," he said.

Roper predicted on Sept. 9 that Gov. Thomas E. Dewey would get 52.2 per cent of the vote compared to 37.3 for Truman. He said then that a Dewey victory was so clearly indicated that no further surveys will be made.

"I could not have been more wrong," said Roper. "The thing that bothers me most is that at this moment I don't know why I was wrong. But I certainly propose to find out."

He suggested several "possibilities" that might have caused the mistake.

"Perhaps," he said, "the abnormally high 15 per cent 'dot know' voters we received last August did not distribute equally to both major candidates as it has in the past, but that this time it all went to Truman."

Or Perhaps—

Or it could have been, he added, "that the labor vote, brought out to the polls more quietly but more efficiently this time, turned the tables."

"Or it might be that, as we found out in a poll done late in the campaign, the people are strongly pro-New Deal and perhaps they see the objectives of the Roosevelt program imperiled," he said.

"Perhaps, but I don't know."

Earlier, Dr. George Gallup, whose American Institute of Public Opinion predicted Dewey would get 49.6 per cent of the vote and Mr. Truman 44.3 per cent, said he believed an analysis of voting statistics would reveal the reason for the error.

He said the answer may also come from a further survey among voters.

**Fault of Voters?**

Archibald Crossley, director of the Crossley Poll, said the election results "clearly show what happens when one party gets out its vote and the other does not."

He said the Crossley Poll, which forecast 49.9 per cent of the vote for Dewey and 44.9 for Truman, found voters were apathetic toward both candidates shortly before the election.

The public opinion polls, he said, may have "served to redouble Democratic efforts to bring out the vote and may have created overconfidence among Republicans."

"Polls can and do register the temper of public opinion," he said, "but cannot infallibly predict how opinion will be depressed at the last minute in terms of relative turnout."

### Children's Hour To Be Resumed Saturday at Library

The reading hour for children will be resumed at Kingston City Library Saturday morning between 10:30 and 11:15 o'clock. The hour which proved a favorite with the children last year is conducted by the Junior Married Women's Club of the Y.W.C.A. It will be held each Saturday morning, during the winter months.

Two groups have been arranged, one for pre-school age children, and one for the grade school pupils. Mrs. Roger Billings, chairman of the service committee for the club, will have charge of the project.

A meeting of the Junior Married Women's Club will be held Thursday night at 8 o'clock. Plans will be discussed for husband's night.

### Roberto-Picco

Miss Edith Picco, daughter of Mr. and Mrs. Joseph Picco, was married to Lawrence Roberto, son of Mrs. Rosa Roberto, Highland, and the late Generoso Roberto, October 17 in St. Augustine's Church, Highland. The Rev. John Halpin officiated.

The bride was escorted by her father. She wore a white satin gown with fingertip veil of illusion. She carried white roses and orchids.

Miss Mildred F. Roberto, sister of the bridegroom, was maid of honor. She wore a dusty rose satin gown with matching pill box hat and carried American Beauty roses.

Frank Roberto attend his brother. Ushers were Frederick J. Lombardi, Poughkeepsie, and Frank Lombardi, Highland, cousins of the bridegroom. Frank P. Borquist, Jr., Hopewell Junction, cousin of the bridegroom, was ring bearer.

A dinner was held at the Ship Lantern Inn, Milton, for 35 guests. After a two weeks' wedding trip to Miami Beach, Fla., the couple are residing in Ohioville.

Both are alumni of Highland High School. Mrs. Roberto is employed at Gold-Crest Fashions, Poughkeepsie. Mr. Roberto is in the construction business.

### Birthday Party

Lyonsville, Nov. 4—A surprise party was given for Erich Hoppe Saturday in celebration of his birthday which was November 2. Those present were Paul Hoppe, Mrs. Wilhelmine Hoeftken of Long Island, Mr. and Mrs. Vidor Stella and children Ralph, Victor and Frank of Stone Ridge; Mr. and Mrs. William Fischer of Krumville; the Misses Mildred and Greta Hoppe, Armand Hoppe, Mr. and Mrs. Hoppe.

### Rondout Church Announces Fair Dinner Committees

The annual turkey dinner and fair of the Rondout Presbyterian Wurts Street Baptist Church will be held in the church chapel, November 10 and 11.

Those in charge of the art department will be Mrs. A. H. Russell, Mrs. Matilda Meeker and Mrs. Thomas Nestle.

Other booths will be supervised as follows: Candy, Mrs. M. R. Coutant, Mrs. H. C. Connelly, Mrs. Louis Beeres; juvenile, Mrs. A. M. Cragin, Mrs. Henry Eggleston, Miss Louise Van Wagoner and Miss Anna McCullough; domestic, Miss Grace H. Terwilliger, Mrs. Thomas McClenahan; Mrs. William McCullough, Mrs. Alice Metcalf and Miss Cora Rightmyer.

### Allaben School Has Halloween Party

Mothers and friends joined the pupils and teachers at the Allaben, Broad Street Hollow, School, October 29, for a Halloween party. Entertainment included a series of children's movies such as Jack and the Bean Stalk and Little Black Sambo.

Miss Vera Griffin, a public health and school nurse for the district, was also a guest and spoke of the public health work. She invited the mothers to be present when the dental hygienist visits the Allaben school November 8 and November 15. She also asked the mothers to attend when the children will be given a physical examination at Dr. Quinn's office.

Afterward refreshments were served. Cakes were baked and decorated by the mothers and ice cream was provided by the teachers. One cake was baked by a former pupil, Frank Jones, who is attending Fleischmanns High School.

Projectors for the movies were loaned by Miss Irene Sattelle and John H. Moehle, supervising principal. Chairs for the party were loaned by Eugene Gormley.

### PROBLEM TO THINK ABOUT

A serious problem is described as follows: "I'm engaged to a man who has been contributing largely to the support of his widowed mother and, consequently, has not been able to save very much. I, on the other hand, have not been required to use my earnings for anything but my clothes and incidentals. Would it be improper for us to pool our savings to start our home? Mother insists a woman should not contribute to the furnishing of a house beyond the linens, silver, etc. My older sister prophesies that 'if I go ahead, it always will come between us as husband and wife.'"

I agree with your family only to this extent—that you should keep your own savings until after you are married. Then you together would furnish your home, both contributing as much as you can. Whether you, at the present time, can contribute more than he is quite beside the mark.

### Wrong Size

Dear Mrs. Post: When receiving a birthday present of wearing apparel which happens to be the wrong size, it is permissible to ask the giver if the gift can be exchanged? Or is it more polite to say nothing and either have the garment waste or give it to someone else?

Answer: If there is no label on the box so that you yourself can exchange the gift for another size, it would be very wasteful not to ask the giver where it came from and explain why you want to know. In case she might prefer to exchange it herself.

### Repaying Employer's Wife

Dear Mrs. Post: I'm a doctor's nurse and have been ill for several weeks. During this time, his wife took my place. Now that I'm back, I wish I could do something to show her how much I appreciated her kindness. Would it be proper to give her a present?

Answer: Nothing is expected of you except your appreciative thanks. However, if you happen to know of something she would like to have, this would be an opportunity to give her a present.

Mrs. Post gives a list for the personal trousseau and also a list of items for the hope chest in leaflet E-5. To obtain a copy, send 5 cents in coin and a stamped self-addressed envelope to her in care of the Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

## Oratorio Society's First Rehearsal Date Is Monday

Oratorio Society will be rehearsing Monday evening at 8 o'clock. Rehearsals will be held in the church parlors of Fair Street Reformed Church. The date will be set Monday for the presentation of the Christmas portion of Handel's "The Messiah" in December. This oratorio was presented last year and was enjoyed by many.

The society is confident that with the support of the people interested in the furtherance of music in this vicinity, a goodly number will participate in this great work to make the concert a success.

The chorus consists of mixed voices. New members will be welcome. George Fowler of Poughkeepsie is conductor of the Oratorio Society.

## Kingston Chapter's Advance Night

Kingston Chapter 155, O.E.S., will hold advance night at its regular meeting Friday night in Masonic Temple. Phyllis Buchanan, associate matron, will preside. Ivar Junquist, patron, will be present.

A floral degree and entertainment is planned. Refreshments will be served after the meeting. All Stars and Master Masons are invited.

### Lowell Club Studies Poets;

### Lullabies of Many Lands

Two papers were given at the Lowell Club meeting Tuesday afternoon at the home of Mrs. C. Franklin Pierce, Janet street. Mrs. J. A. Guttridge spoke of the poets laureate, an office which was first established in England in 1617 so kings would have suitable entertainment for such occasions as birthdays or New Years. Some selections from the poets were read with particular emphasis on Wadsworth and Tennyson.

Miss Mary Hale reviewed lullabies in Many Lands and describes the national characteristics. Several lullabies were sung for illustration by Mrs. M. Z. Chidester and Miss Anna Delle Quimby. Rock a Bye Baby was given as the American lullaby.

The next meeting will be November 16 with Mrs. John B. Stetson, 198 Washington avenue.

### Junior League Hears Plans

### For Children; Discusses Sale

Junior League met at the home of Mrs. William Darling, Fair street, Monday night, when Mrs. Harold Darling was co-hostess.

Mrs. Virgil DeWitt, treasurer of the Ulster County Committee of the State Charities' Aid Work, spoke of the children's committee particularly about Christmas plans for children in foster homes and at the Children's Home.

The league also discussed plans for a rummage sale Friday, November 19 from 9 a. m. to 9 p. m. at the Fair Street Reformed Church.

Following the meeting refreshments were served.

### WOMEN DRIVE 'CONVOYS'

Women have found a new job they can handle in Africa—driving new cars into Rhodesia as "convoy battalions" to speed up delivery from Ladysmith and other points south, Bulawayo reports. Mrs. Margaret Montgomery, sister-in-law of Field-Marshal Lord Montgomery, was one of the first team of women to join a convoy. Miss L. M. Popple, secretary to a Ladysmith car dealer, hit on the idea of organizing women drivers to make the deliveries to distant points.

## Girl Scouts Inspect Juliet Lowe Stamp

Local Girl Scouts inspect the new issue of stamps commemorating Juliet Lowe, founder of Girl Scouting. The stamp was issued in many parts of the country Sunday, the birthday of Juliet Lowe, although Kingston post offices will not issue the stamp until several weeks. Scouts throughout the nation are currently observing Girl Scout Week. From left are Patricia Simon, Mary Kols of Troop 24, St. Peter's Church; Miss Ida Bruck, Juliet Lowe, representative; William Kraft, postmaster; Caroline Tremper and Dolores Bruck of Troop 23, St. Peter's Church. ### Atharhacton Hears of Mexican

### Festivals at Regular Meeting

Mexican festivals were the topic of discussion at the regular meeting of Atharhacton Club Wednesday afternoon at the home of Miss Helen Sheldon, West Chestnut street. From personal experiences Miss Sheldon described many of the festival days and reasons for the celebrations.

Fiestas are built on religious observances, Miss Sheldon pointed out, as she told of the parades, and dances which have grown out of the occasions. She spoke of the Christmas scenes depicted with fine scenery and including live animals. The people of the country have a simple faith in their religious beliefs, Miss Sheldon noted, and extend a feeling of warmth and hospitality toward strangers.

Miss Sheldon exhibited a Mexican harp carved by a cow boy with a pen knife. The drum and violin also are used extensively for music. In addition to her personal experience and participation in the festivals while living near the border, Miss Sheldon used

the book, Treasury of Mexican Folkways, by Ticarr. She told of the lush vegetation including orchids, gardenias and wild dahlias.

The next meeting of Atharhacton Club will be November 17 at the home of Miss Emily Hoyrad, 53 West Chester street. Her topic will be "I Know Nothing About Art, but I Know What I Like."

### Card Parties

Kingston Hospital Nurses' Alumnae Association will sponsor a card party Tuesday, November 16, at 8 p. m. in the nurses' residence. Refreshments will be served. Proceeds will be used to purchase an oxygen unit for the hospital. Tickets may be obtained at the door or from Miss Barbara White, chairman.

### Place Changed

The card party sponsored by the Mothers Club of the Immaculate Conception School Tuesday night, November 9, will be held in the White Eagle Hall instead of the school hall as originally planned.

At the present price of new automobiles, the Old Gray Mare will soon be what she used to be.

**Alice Winne, Mt. Tremper, Married to Henry Schuster**  
Announcement is made of the wedding of Miss Alice Winne, daughter of Mr. and Mrs. Bert C. Winne of Mount Tremper, to Henry Edward Schuster of Saugerties. The ceremony was performed at Mount Tremper Reformed Church Saturday, October 23, at 11 o'clock by the Rev. Harvey I. Todd, pastor.  
The bride was escorted by her father. She wore a green ensemble with a corsage of white roses. Her maid of honor, Miss Charlotte Leonard of Wittenberg, wore brown with a corsage of yellow roses. William Schuster of Brooklyn, brother of the bridegroom, was best man.  
A reception for 45 guests, relatives of the couple, was held at the home of the bride's parents. Afterwards Mr. and Mrs. Schuster left for a wedding trip to the Adirondacks and New York city. The bride wore a grey suit with black accessories and her corsage. They will reside in Saugerties, where both are employed in the General Electric plant.

**Ritz, Wife Meets**  
Rochester, N. Y., Nov. 4 (AP)—Harold J. Ritz and his wife, Corinne, met at an intersection last night—in separate automobiles. Police said a car driven by Mrs. Ritz west on Seneca Road and another driven by Ritz south on Culver Road collided. Both were treated by a physician for injuries.

**Organizing Chapter For Secretaries**  
A local chapter of the National Secretaries Association is being formed in Kingston.  
Mrs. Lillian S. Lee of Syracuse, N. Y., regional registrar, is in Kingston to organize the chapter, the fourteenth in New York state. Mrs. Lee said the association is open to executive secretaries and qualified secretaries, the latter being women who have to do with the correspondence of their employers. She may be reached at the Governor Clinton Hotel, where she will make her headquarters for about two weeks.  
The organization is incorporated under a non-union, non-profit, non-sectarian charter. Now six years old, the association has 325 chapters throughout the United States.  
Mrs. Lee will remain in Kingston while a nucleus of the chapter is being formed. She will appoint temporary officers to serve three months and at the end of that time an election will be held to name its own officers.  
The association grew out of the recognition by secretaries that their profession, representing the largest vocational group among business women, ought to have a national organization just as other professional men and women have organized to guard their interests.  
The National Secretaries Association has a three fold program, Mrs. Lee said: educational, social and professional. Its purpose is to bring the secretary the recognition she deserves in the business world, and to assure employers a maximum proficiency.  
"Better Letters—Better Living" is the slogan of the association which has more than 10,000 members. Regional conventions are held annually, and local chapters have dinner meetings. The association also published a monthly magazine.  
Now being completed is a plan whereby members may take uniform tests in each state university qualifying each as a C.P.S., certified professional secretary. Deans of the University of Kansas and Oklahoma are setting up the plan. The national president is Mrs. O. Dwyer of Buffalo, personal secretary to the president of the Gleaner Corporation, construction equipment distributors.

**Hearing Is Adjourned**  
Peace Justice Edgar V. Beebe of New Paltz adjourned hearing on two charges against Raymond Jeneau of New Paltz until November 9 at 8 p. m., according to the state police at Highland. Jeneau was arrested following a three-car accident at New Paltz about two weeks ago, on charges of driving while intoxicated and leaving the scene of an accident. The defendant was represented by A. J. Cook, Jr., of Kingston and Arthur Davis, Jr., appeared for the People. The adjournment was for the purpose of obtaining a certificate to present the case to the grand jury.

**Suggests Dewey As Secretary of State**  
Washington, Nov. 4 (AP)—Senator-elect Margaret Chase Smith (R-Me.) telegraphed President Truman today suggesting that he appoint Gov. Thomas E. Dewey as secretary of state.  
She made public the message which congratulated Mr. Truman on his victory and added:  
"In view of the report that Secretary of State Marshall will resign after January 20, I seriously urge that you appoint Gov. Thomas E. Dewey, secretary of state. His appointment would be the most convincing evidence that this country is completely tilted to foreign policy and on efforts to achieve a lasting peace."  
Mrs. Smith told reporters she had not consulted Dewey or other Republican party leaders on her suggestion.

**B-29 Crash Kills 18 Men in Azores**  
Tampa, Fla., Nov. 4 (AP)—An airforce B-29 crashed on a take-off from Lages Field in the Azores yesterday, killing 18 of the 20 men aboard, MacDill Field reported today.  
One man was missing. Another survived with major injuries. Capt. George Byrnes, public information officer at MacDill, said. The plane was one of a number returning to the United States from England. It was from the 307th Bomb Group based at MacDill.  
Major Byrnes said the big bomber crashed into the ocean about 500 yards offshore within a few minutes after the takeoff.  
The accident occurred after dark (6 p. m. Azores time, 4 p. m. E.S.T.). Cause of the accident has not been determined. A board of officers has begun an investigation at the scene.  
The plane was one of 29 returning to MacDill Field after a three and a half months training tour in England.  
Major Byrnes said another of the group was reported to have landed in Bermuda because of mechanical trouble without injury to anyone. Twelve have arrived at MacDill Field.  
Names of the casualties will not be announced until next of kin have been notified.

**Daily Worker Says Wallace Forced Action**  
New York, Nov. 4 (AP)—The Daily Worker, official Communist party organ, said today the election results "prove that the left-sounding speeches which Truman copied from Roosevelt and Henry Wallace found a profound response among the electorate."  
In an editorial entitled "The Meaning of Truman's Election," the newspaper said:  
"The American people are not swinging to the right. On the contrary they show that they want peace, greater social security and more democracy. They felt they could get this by voting for Truman. We believe this to be a mistake."  
"In short, Truman won the election by a hypocritical copying of the speeches of Franklin Roosevelt and by imitating as much as he dares the charges of the Progressive party, and Henry Wallace whose campaign forced into the elections the vital issues which neither of the candidates of the old parties had intended to discuss."  
"The returns, therefore, are a crushing defeat for the naked,

open extreme right wing forces of reaction."  
"The Progressive party forced Truman to make his promises."  
"The vote for Wallace, it must be admitted, fell below not only the unrealistic quotas assigned to him by certain forces, but even below what his most sober supporters, including this paper, had expected."

**Shakeup May Come**  
Philadelphia, Nov. 4 (AP)—The chairman of the Republican National Committee hinted today there may be a shakeup in G.O.P. operations as the result of the unexpected presidential defeat of Governor Thomas E. Dewey. Rep. Hugh D. Scott, Jr. (R-Pa.) said "we are full of fight, vigor and determination, and I know we have a very successful future. This defeat is in no way a mortal setback to the Republican party." Scott pointed out that the margin in popular vote was the closest in the last 20 years.

**GOOD NEWS FOR SICK PEOPLE**  
STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS and such complaints as Headaches, Nervousness, Acidic Tongue, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.  
**Drugless Health!**  
REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth's natural laboratory. Contains NO alcohol, NO preservatives, NO oil, NO harmful drugs, NO dope, is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments—highly recommended by the medical profession.  
FOR THOUSANDS of years ever since Hippocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nervousness, anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.  
**Amazing Results**  
MEDICAL records show 65% of men and women over 35 suffer from rheumatism, arthritis, neuritis. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack their bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems worse living with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.  
RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.  
**Wonder Minerals**  
YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous waters. We have all heard of the wonderful springs of Lourdes, France, and famous Eborac in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed in its waters and was healed of his former youth.

**YOUR NEXT WASHDAY CAN BE FABULOUSLY EASY!**

Demonstration shows FAB gives FABULOUS SUDS, even in hardest water

Two washing machines were filled with hardest water. One cup of FAB was put into washer on left. Into the one on the right—one cup of soap. Both washers ran 7 minutes. Result: A washer brimful of hard-working suds from FAB. Almost no suds from soap.

1 cup FAB 1 cup SOAP

**FAB** with **SUPER-WETTING ACTION** washes everything **FASTER, CLEANER, WHITER, BRIGHTER** than any soap...in hardest water!

FABulous time-and-work saver! Newest miracle by Colgate-Palmolive-Peet brings faster, cleaner washing for grimeiest overalls, work and play clothes, shirts, towels... everything that's extra dirty!

It's completely new under the sun... FAB with SUPER-WETTING ACTION!

Super-Wetting Action is a new scientific washing principle. With FAB, there is no "graying" soap scum. Wash is whiter, cleaner. FAB contains a new ingredient that gets white wash whiter, colors brighter. When you wash, FAB with Super-Wetting Action brings instant penetration of materials... pushes out the dirt! It brings extra-dirt-removing power for extra-dirty overalls, work clothes... everything you wash!

**What is Super-Wetting Action?**

See for yourself! Roll cotton sewing thread into a ball. Drop it into a glass of water. It floats; does not become completely wet for a longtime. Now drop another ball of thread into a glass of water and FAB. It sinks; becomes completely soaked at once. This shows how FAB penetrates materials faster, more thoroughly... pushes dirt out!

FAB with Super-Wetting Action instantly penetrates materials; pushes dirt out. Washes grimeiest overalls cleaner than soap! No soap scum with FAB. Wash is whiter, cleaner!

**NEW INGREDIENT GETS WHITE WASH WHITER, COLORS BRIGHTER!**  
FAB contains a fabulous new ingredient that brings new-looking freshness to all family wash! And FAB leaves no "graying" soap scum.

**FAB WASHES CHEAPER... IN HARDEST WATER**  
Laboratory tests prove that cup for cup, in hard water, FAB washes up to twice as much family wash as soap. All of FAB washes... Nothing is wasted in soap scum!

**FAB WASHES DISHES TWICE AS FAST!**  
No wiping! Just wash with FAB, and rinse. No soap film to polish away. Even glassware sparkles! FAB with Super-Wetting Action slashes through grease as no soap can do!

**Faster And Better**

A new growth-promoting chemical, which greatly speeded up production of leaves by rice plants, has been announced. It also prolonged the life of grapevine cuttings. The new compound is named dithiobutene.

Small cities and suburbs rapidly are increasing in size and importance and large cities show a slower growth. Decentralization slowly is taking place in the United States, with small cities as centers.

## G-E No Longer Recognizes Union

Schenectady, N. Y., Nov. 4 (AP)—The General Electric Company says it no longer recognizes the C.I.O. United Electrical Workers Union as the bargaining agent for employees at its atomic energy installations.

The company's action last night was a sequel to an order from the Atomic Energy Commission yesterday. It directed the company to "withdraw and withhold" recognition of the U.E. in atomic plants in Schenectady.

The A.E.C. said the action was "necessary" because union officers had refused to take non-Communist oaths under the Taft-Hartley law.

The commission previously had ordered G.E. to refuse to recognize the union as bargaining agent for workers at the new government Knolls Atomic Power Laboratory, soon to be put into operation here by General Electric.

Yesterday's A.E.C. order barred the U.E. as bargaining agent for workers at the G.E.-operated Pease Street Atomic Laboratory here.

The U.E. members currently

employed at G.E. atomic energy installations are hourly-rated maintenance and service personnel. The union has estimated that approximately 300 are so employed.

In a letter to each of the workers involved, the company said it would discontinue immediately the automatic dues checkoff.

Wages and established working conditions will not be changed, but grievances now may be presented only by individuals, the letter added.

Last month in the United States District Court at Washington, the U.E. sued the A.E.C. and General Electric for \$1,000,000. The suit was based upon the refusal of David E. Lilienthal, commission chairman, to recognize the union's contract in G.E.-operated atomic plants.

**Consulate Will Close**

Buffalo, N. Y., Nov. 4 (AP)—The British consulate here will close December 31, it was announced last night. Sir Angus Fletcher, the consul, said "the urgent necessity to conserve dollar exchange" forced the closing. The consulate was opened in October, 1943. Fletcher, announced he will retire from the British foreign service. He and Lady Fletcher plan to live at Fireplace, their East Hampton, L. I., home.

## Three Children Die In Harlem Apartment

New York, Nov. 4 (AP)—While a Negro woman was singing the Lord's Prayer for neighbors downstairs, her three small children and their cousin died in a flash fire which destroyed a Harlem apartment last night.

Smelling smoke, Mrs. Dolores Jones broke off her song and

rushed upstairs to find flames had trapped the children.

Her three children and a child of her sister, Mrs. Claire Rogers, were found dead after firemen extinguished the blaze.

The sisters had been marketing while the children—from three months to six years old—played in the apartment where the two families lived.

Origin of the blaze was not determined immediately.

... there's a great day coming ...!

# Frisch, Fitzsimmons Signed To Coach Giants Next Year

## Durocher Reports Mize Trade Not Offered by Giants

Frankie Frisch and Fred Fitzsimmons, two former Polo Grounds heroes, were signed yesterday as coaches of the New York Giants for the 1949 season. Their signing rounds out the coaching staff with Red Kress, holdover from the Mel Ott regime. Two of Ott's other assistants, Travis Jackson and Hank Gowdy, were released two weeks ago.

For Frisch it will be his first return to active baseball participation since his post as manager of the Pittsburgh Pirates in 1947. The Fordham Flash was broadcaster for the New York games during the 1948 campaign.

Fitzsimmons, the great knuckleball hurler, was coach of the pennant-winning Boston Braves last summer. He wound up his active career with the Brooklyn Dodgers under the regime of Leo Durocher, now boss of the Giants. Fitz completed his 200-game victory cycle while a member of the Flatbush tribe.

Manager Durocher, at the time of the announcement of the signing of the two coaches, told writers that he also plans to spend some time on the coaching lines during the 1949 campaign. He outlined his plan for the use of coaches by declaring "when I'm not on the third base line, Frisch will be there and Fitzsimmons will be at first. When I'm coaching it will be Frisch at first base."

**News to Leo**  
New York, Nov. 3 (AP)—Every body and his brother has "traded" Johnny Mize away from the New York Giants since the close of the

## 1948 baseball season. That is, everybody but his manager, Leo Durocher.

"Every time I pick up a newspaper, I read where Mize has been offered to another club," Leo laughingly told a gathering of newsmen yesterday. "Who did the offering? It wasn't I. It wasn't Mr. Stoneham (Honor Stoneham, club president). Then who could it have been? The mystery man?" Durocher stated emphatically that he has not discussed his slugging first baseman with any team. He did admit he had talked with several clubs about Walker Cooper, his big catcher, among others.

"I don't say I wouldn't consider a trade involving Mize," he added. "That would be foolish of me. I'd consider trading anybody on my ball club. And that goes for Whitey Lockman, Bobby Thompson, Willard Marshall, Buddy Kerr and Larry Jansen."

Durocher said he couldn't understand why people should get the impression he was eager to peddle Mize.

## Harbert and Sneed NHL Stars Top Choices for South Golf Title

Pinehurst, N. C., Nov. 4 (AP)—Two of golf's longest drivers remained in the forefront today as the 46th North and South Open tournament was resumed after a day's interruption because of rain. Off the first-round scores and their past records, Chick Harbert of Northville, Mich., and Sammy Sneed of White Sulphur Springs, W. Va., were the popular choices to fight it out for the title. A half dozen others were conceded good chances of winning, however. Before yesterday's postponement Harbert had gained a three-way tie for the lead with a first-round 68. Sneed was two strokes behind.

Sharing the top spot with Harbert were Glenn Teal of Charlotte, N. C., and Amateur Julius Boros of Bridgeport, Conn. Big Clayton Heafner of Charlotte had a 69. Behind Sneed five players were tied at 71—among them defending champion Jim Turnesa of Elmford, N. Y.

**Sneed Hitting Well**  
After a long rest from the tournament grind, Sneed was hitting the ball exceptionally well Tuesday. But he blew himself to a big six on one long hole and dropped behind. Sam always has done well on the long No. 2 course at the Pinehurst Country Club, winning the title in 1941 with 277 and finishing second three times.

Harbert, who hits a ball just about as far as Sneed, has been making the big-time pro circuit with considerable success since 1941. Although he wins comparatively few tournaments, he is 16th among the money winners in the pro field this season. And if Chick slips here it is probably because he is better at attaining distance than direction. Besides stretching out 6,952 yards, the course is deeply trapped to penalize wild hitting.

Tied with Turnesa in the 71 bracket today were Claude Harmon of Mamaroneck, N. Y., winner of the Augusta Masters tournament; Jackie Burke of White Plains, N. Y., who is considered one of the most promising young pros; Harry T. Nettleblatt of Avon, Conn., and Joe Zarhardt of Greensboro, N. C.

Boros, a comparatively small player, had a big edge over his amateur rivals. Dick Chapman of Pinehurst had a 72, Harvie Ward, Jr., of Tarboro, N. C., a 74 and Frank Stranahan of Toledo a 75.

## In The Pocket with CHARLIE TIANO

**• Bagatelles:**  
One of the most reassuring aspects of an American election is that the generally accepted opinion of the voters is based on the same old peanut stand. An agricultural note says the supply of turkeys this year is expected to be about three pounds compared with 4½ pounds last year. It is assumed the casualties must be attributed to Messrs. Gallup, Roper and Crossley. In New York about 75 per cent of the acreage of corn for grain, silage and fodder that was harvested this fall was planted with hybrid seed corn. The newspaper columnists and radio comedians accounted for the other 25 per cent.

**• Flotsam and Jetsam:**  
Don Riehl, a K.H.S. graduate, has survived the final basketball cut by Coach Art Lee at Albany Business College and is the spark-plug of the college bowling squad in the Capital District Intercollegiate League. Siena College, pointing for the big time in basketball, opens against Sampson Naval on Wednesday, November 24, at the Washington avenue armory in Albany. A cultured woman was told is one who always throws the spoon out of the cup before she throws the cup at her husband. . . . Current statistics show that St. Lawrence graders have gained 745 yards by rushing in six games, compared with 608 for the opposition. The Larries have completed 29 out of 88 passes for 461 yards, the opposition 25 out of 71 for 271 yards. The Larries total offense is 1,206 yards compared to 879 for the opponents. The team has been outscored, however, 52-41.

It now appears that Drew Pearson was talking through his hat.

The old sports page jargon "upset" came in handy for headline writers. The Goodbye Harry campaign seems to have been concentrated solely to the University of Wisconsin campus.

**• The Tenpin Parade:**  
The average woman bowler dresses to attract attention, then gets mad if she does. Chichelsky Chatter, Claude Heron, City Minor League president, has installed a new team standing board. Meanwhile, Jimmy Daniels did a masterpiece on the Central Mixer board. Dick "Splendid Splinter" Howard is on the spot. The "Flash" is batted 205 in the Central Mixer but is having a hard time bowling his weight in the rugged Hudson Valley circuit. Maybe the "Old Owl" can furnish the necessary tonic. . . . Sometimes that 200 score you feel in your bones is just a sign of advancing years. . . . Dame Rumor says Marge Jansen is about to abandon the Mixed League in order to do public relations work for those two famous bear hunters, husband Arthur and friend George Flemings. Town Cafe, last year's celebrated "paper team" of the Major League hailed as the power squad of this year's Major. Its awe-inspiring performers include: Clifton "Pinpoint" Quick, Tarz "Whatta Ball" Spada, John "The Verce" MacLellan, Larry "No Beer for You, Kid" Weishaupt and Harold "I Love Kingston Alleys" Broskie.

Today is D-Day for the DUSO League's decision on the football round-robin schedule. D for Doodad, we hope.

Here's another of those all-star football teams that ought to go places: LE-Reno, West Virginia; LG-Sandusky, Villanova; LG-Houston, Harvard; C-Monroe, Kansas; RT-Cleveland, Princeton; RT-Racine, Drewel; RE-Troy, Holy Cross; QB-Mars, Brooklyn; HB-Paris, Delaware; HB-Rhodes, Pennsylvania; FB-Devonshire, West Virginia.

Now that football has the double platoon system, how about a third team just for taking time out.

**QUESTION:** Does the place kicking "specialist" on a football squad that fails to score a single touchdown during the season qualify for his letter?

**MULLIGAN MIKE SAYS:** Where do we pull from here?

The University of Texas' worst loss at the hands of a college team in recent times was a 42-6 drubbing in 1938 by Arkansas. The Razorbacks haven't won a game since from the Longhorns.

## City Cage Loop Will Open Next Monday at Auditorium

The 1948-49 City Basketball League, sponsored by the Recreation Department, will get underway next Monday night at the municipal auditorium with a three-game slate.

The new cage loop will officially open with the Village Rest and Miron Lumber clash at 7 p. m. The middle contest will bring together the crack Wiltwyck Motor Squad and Chez Emile. The 9 p. m. tilt will feature Potter Brothers and the 7th Ward Club. The two other league clubs, Slicker's Delivery and the Cornets, will be idle opening night.

**Ives Is President**  
"Red" Ives, popular local musician, has been elected president of the 1948-49 season. Bob Murray, former member of the recreation committee, is the vice president. Ed "Link" Crosby will fill the post of secretary and treasurer. All league games will be played at the auditorium on Monday and Wednesday nights, Harry Edson said today.

**LEPERS GO ON STRIKE**  
Lepers went on strike in Georgetown, British Guiana recently, following a dispute among the patients. Medical authorities called the police to prevent their

escaping from a hospital, but 13 patients got away and after traveling 25 miles, tried unsuccessfully to interview the Governor. Later, he named a committee to investigate the dispute.

**CALAMITY TREE WITHERS**  
Fear that calamity is about to overtake Ceylon continues to spread over the island, Colombo reports. The reason is the withering Bo tree of Anuradhapura. The ancient tree—claimed to be 2,300 years old—withered in 1815, when the British annexed the island; in 1849, during the Kandyan rebellion, and in 1932 during the disastrous malaria epidemic.

Early American newspapers were largely organs of political opinion. The independent news press is a modern development.

## Pearson Says . . .

Continued from Page One  
night, Nov. 2, Truman was the underdog in this race.  
3. A man can win with labor against him, or the farmers, or the housewives. But he can't win with a large section of labor and the farmers and the housewives—all against him.

4. Dewey didn't alienate these three groups, but the 80th Congress did. The American public in 1946 had been honestly, hungrily waiting a change; so they voted the 80th Congress in. But a two-year glimpse of that G.O.P.-controlled lobby-ridden Congress made most people shudder.

In brief, the Republicans had their heaven-sent chance with the 80th Congress and they blithely threw it away.

The American people are smart. You can't fool 'em, as Abraham Lincoln so historically noted at Gettysburg. And here are some of the things about the 80th Congress that turned their stomachs:

**The Lobbyists Held Truman**  
The big tax lobby—How Republicans on the Ways and Means Committee put Wall Street lawyers on a special committee to write the new tax laws—in favor of the big-bracket boys.

The big grain lobby—How three Argentine and European grain combines hired a Kansas City congressman to sabotage government grain storage and government grain purchases in the new farm bill.

The manufacturers lobby—How the reciprocal trade act, especially all attempts at price control, were killed by the big-business boys. How Rep. Charles Halleck, G.O.P. leader in the House, constantly consorted with the National Association of Manufacturers. Also how he drove around in two new Cadillac cars.

The real estate lobby—How, with millions of people pounding the pavements looking for homes, the lobby cleverly and repeatedly blocked public housing, but put across government subsidies for its own real-estate ventures.

The Parnell Thomas grab bag—How the men who called on others to be good Americans, stooped to the un-American practice of keeping soldiers out of combat for campaign contributions and required clerks and stenographers to kickback their salaries to his pocket.

Spare yourself and prove your enemies. How various G.O.P. leaders, including Senator Jenner of Indiana and Ferguson of Michigan grabbed headlines probing others, but ran for cover

when somebody put the bee on them.

Then there was the shameless tideland oil lobby, the liquor lobby, the steel lobby, and various lesser lobbies all in a rush to get theirs' and all brazenly welcomed to the bosom of the 80th Congress.

This writer has watched Washington for nearly a quarter of a century and never was a position of public trust more flagrantly flouted. The public knew this—and voted accordingly.

**They Deserted the Ship**  
They probably won't be round the White House any more: Edward Butler, the elder statesman got an appeal from Truman to serve on a committee to help the Democratic party, but declined. Truman wrote back a stinging letter reminding Butler that he had appointed his brother as ambassador, always listened to his advice and that friendship was a two-way street.

Kenneth Royall—The hulking secretary of the army. Sometimes called "Dumbo," went out of his way in an interview to describe Truman's election as a defeat to national defense.

John L. Sullivan—The handsome secretary of the navy's contribution to the political campaign was largely playing golf at the Burning Tree Country Club. While the "Chief" was making dozens of speeches daily, Sullivan, Royall, Symington and Forrestal basked in the October sunshine on the golf course.

James Forrestal—Some time ago Forrestal decided that Dewey was going to win, and from that point on lifted no finger to help Harry Truman. His high-sounding excuse: "Defense was more important than politics." Truman has always been under Forrestal's thumb, but it may not be the same way any more.

(Copyright, 1948, The Bell Syndicate, Inc.)

**FLOGGING THREAT URGED**  
A few more threats of flogging might save some lives, Coroner Dr. W. H. Davidson, of Birmingham, England suggested when he heard evidence on the drowning of two Wilson brothers, William and Raymond, aged 9 and 6, in a pool. "If fathers took a stronger hand and threatened boys: 'If I catch you there again I'll give you a good thrashing,' I think it would be a good thing," he said. "It may be out of date and old-fashioned but I think it would still pay."

Samuel Adams did most of his effective work in leading the movement for independence by writing for the press.

## Scrap From Big Scrap Comes Home

Something over three years ago this steel scrap was shipped from the U. S. to Germany—in the form of cannon, shells, tanks, trucks and other material that helped lick the German Army. Now it's coming home to help cure the critical scrap shortage in America's steel mills. This cargo, first of 200,000 tons to come, is being unloaded at Port Richmond, near Philadelphia.

## BRASS HELMETS TO GO

Future generations of Northern Ireland children may not know the fireman with his gleaming brass helmet, so long an object of hero worship, for the glamorous helmet is to be replaced with one of unromantic black, Belfast reports. The old brass one was all right in days when there was little chance of firemen getting electric shocks. The new one will be shockproof.

## MEAT CANNERY SOUGHT

Cattle growers of South-West Africa are excited over gossip that a meat canning plant may be established there. Windhoek reports: A large company is under-

stood to have applied for a government license to operate the first such plant in that great cattle area. It is thought the Government might subsidize such a venture through use of some \$800,000 now lying in banks to the credit of the Meat Control Board, as the 15-year accumulation of the tax on livestock exports.

## SCHOOL TO TEACH MAKE-UP

Girl pupils at the secondary school in Staveley, England, will have lessons in make-up. W. Turner, the headmaster, told the Rotary Club: "As they come to school made-up anyway, we may as well teach them to do it properly."

can organize to get out the vote. French quarters, who privately rejoiced in Mr. Truman's victory maintained scrupulous neutrality in their official comment.

The first test of American policy after the election may come today when the Security Council is scheduled to take up a proposal threatening Israel with sanctions. Authoritative sources said the U. S. delegation has asked Washington for a final decision on the British-Chinese proposal. The American position on the resolution was reported to have been changed last week as a result of President Truman's intervention.

Arab delegates in Paris protested disinterest in the election results but the Arab office in London, long bitter toward the President, noted he "failed to carry New York state despite his sedulous canvassing of the Jewish vote."

President Chaim Weizmann of Israel cabled from Tel Aviv to Mr. Truman that he was "most happy with the result of the election."

Western Europe and Latin America generally hailed Mr. Truman's successful fight. Moscow newspapers stressed voting irregularities reported in the American press.

During the day the U.N. Assembly approved by a vote of 30 to 0 a Mexican proposal for cooperation among the big powers in settling world problems.

door window at that place. On the way to answer this call, Patrolmen Hoching and Supp were hailed at 448 Broadway by Doornik J. Maroon, who told them a pellet had just been fired through the window of his confectionery store at that address, police said.

This report coupled with the fact that Epstein said he went outside immediately after the shot, but found no boys within sight, led the patrolmen to conclude the shots "must have come from an automobile."

#### Doubts U. S. Right

Dayton, O., Nov. 4 (AP)—Does the United States have the right to give up the atom bomb? Dr. Arthur H. Compton, president of Washington University, St. Louis, and one of the men responsible for its development, does not think so. He gave his opinion last night in Memorial Hall in an address opening a three-night atomic energy show. Dr. Compton, one of the world's leading atomic energy authorities, disclosed the first official "go ahead" on the bomb project was given on December 6, 1941, the day preceding Pearl Harbor. He said the atom bomb "is the only thing keeping Russia from gobbling up all of Europe."

#### Chicago Tribune Has Fun Anyway

Chicago, Nov. 4 (AP)—The Chicago Tribune, in an election story today, said early returns Tuesday had indicated Thomas E. Dewey had defeated President Truman.

The Tribune, which supported Dewey, claimed his victory in several editions election night.

One reprint edition which came out about 10 p. m. Tuesday carried the main headline: "Dewey defeats Truman." A smaller headline read: "Puts G.O.P. back in White House," and a third stated: "Sizable electoral margin seen."

The first paragraph of the news story said: "Dewey and Warren won a sweeping victory in the presidential election yesterday." The story, written by Arthur S. Warren, continued, "The early returns showed the Republican ticket leading Truman and Barkley pretty consistently in northern and western states and that 'indications were that the complete returns would disclose that Dewey won the presidency by an overwhelming majority of the electoral votes.'"

The headlines did not make a flat victory claim in later editions, but the opening paragraph of the general election story in the Tribune's last edition Wednesday morning said:

"Dewey and Warren won the presidential election yesterday." Henning, in his election story this morning said, "In the early returns Dewey appeared to have won Mr. Truman himself thought so. He went to bed thinking himself defeated just as Charles Evans Hughes went to bed in 1916 thinking that he had been elected."

#### Arrested as Swindler

New York, Nov. 4 (AP)—A man who allegedly swindled persons as they were about to leave the country—hoping they wouldn't have time to tell police—was arrested today after a year-long confidence game investigation. Police said the man, Charles Archer Milton, 58, often posed as an English business man and reportedly netted thousands of dollars over the period through a confidence ruse. He was charged with grand larceny. Officers said he made friends with hotel guests who were about to go abroad, pretended he had left his wallet in his room, borrowed money and disappeared.

Paris, Nov. 4 (AP)—The United Nations Assembly approved today, over bitter Russian protest, the western plan for world atomic control.

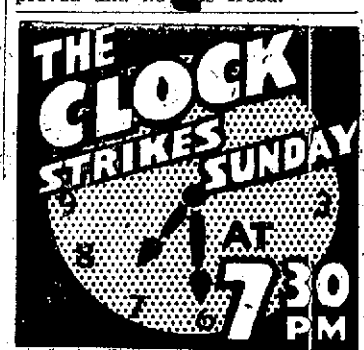

#### Plans Are Made To Open River

Plans to keep the Hudson river open this winter are being made by the Coast Guard through the use of the super ice-breaker Eastwind, with the aid of two smaller cutters, the Gentian which is based at Cape May, N. J., and the Manitou, based at New York. Aerial surveys will be made to check daily the ice conditions and if the smaller cutters fail to cope with the ice the Eastwind, based at Boston, will be called upon. Judge John Boyd Thatcher, president of the Albany Chamber of Commerce, has asked the Coast Guard to keep the river open to Albany for shipping which comes to the Port of Albany. One of the principal needs for water transportation to Albany is to supply the area served through Albany with fuel oil.

Last winter during the severe oil shortage the Eastwind broke a channel through the ice to Albany for Trailships carrying fuel oil.

The Eastwind was one of two ice breakers which took part in a summer expedition to the Arctic to survey for additional weather stations and to supply stations already existing. The Eastwind can cope with ice several feet thick, but Albany has asked to have the channel kept open to allow for two or three feet of ice to form as was done last year.

Daniel Fowle, Boston editor, was jailed in 1934 for attacking the government. His guilt was not proved and he was freed.

#### Promises to Cooperate

North Attleboro, Mass., Nov. 4 (AP)—Spencer Joseph W. Martin, Jr., (R-Mass.) today called the election results a "sensational surprise" and promised cooperation with President Truman. Martin said he "had observed no signs of the coming storm." "I was anxious for the election of Governor Dewey," he added, "because I believed he could best unite the country and stabilize the world. A majority of the people have decided differently. . . . As far as I am concerned, I shall be glad to cooperate."

## Protestant Mission To Close Tonight

Tonight's service at St. James Methodist Church will mark the closing for the current Protestant Preaching Mission. Dr. Frederick Olert of Detroit, leader, will use as his topic, "That Strange Symbol." The service will begin at 7:45 p. m.

At last night's service, Dr. Olert gave a tremendous personal appeal to the people to have complete faith in Christ and his teachings as the complete solution to problems. He spoke of the uniqueness of the life of Christ and His way as the only true one for living.  
About 300 were in attendance. The Sanctuary choir of St. James Church under the direction of C. Franklin Pierce provided the music for the worship service. They sang, "The Lord Is Our Fortress, Brimstone-Branscombe; and Beneath the Shadow of the Great Protection, Dickinson. The Rev. Edward V. Winder, D.D., pastor of the First Baptist Church, and the Rev. William R. Peckham, pastor of Clinton Avenue Methodist Church, assisted in the devotional service.

Tonight the choir from the Lutheran Church of the Redeemer will sing under the direction of Leonard Stine. Frederick Richens will be organist.

## Russian Reaction

Moscow, Nov. 4 (AP)—Moscow newspapers gave prominent play today to President Truman's election victory and featured his pledge to strive for world peace. A Tass News Agency dispatch from New York commented briefly that Henry Wallace received about 1,000,000 votes. Many Russians in this capital appeared surprised, however, that the third party candidate did not win, and asked Americans here why Wallace was defeated. There was no indication how the Soviet Government reacted to President Truman's election. In a pre-election analysis the Soviet press had stated that American experts predicted victory for Gov. Dewey.

## MOVES OVER FOR COMPANY

Wilfred J. Funk, last editor of the Literary Digest which folded up soon after being all wrong in its 1936 presidential poll, enjoys a bit of a laugh—"nothing malicious, mind you"—as he reads the vote results in New York city. These same results put almost every poll taker of the 1948 race in the same boat as the Digest found itself in.

## Would Have Dulles Remain With U.N.

Paris, Nov. 4 (AP)—Influential United Nations delegates say they want John Foster Dulles to remain in U. N. service.

Dulles plans at this stage to continue in Paris as a member of the United States delegation to the United Nations assembly.

Foreign affairs adviser to Gov. Thomas E. Dewey, Dulles had planned to go back to New York in a few days for talks with Dewey if he had won the presidency.

But Dulles told a reporter there is no necessity for his return at this time and he will devote his full energies here to his assignment.

## He's Still Democrat

Columbia, S. C., Nov. 4 (AP)—Gov. J. Strom Thurmond of South Carolina still considers himself "a member of the Democratic party." The States Rights Democratic presidential candidate yesterday reaffirmed his allegiance to the South Carolina Democratic party which he said would not be "dictated to" by National Democratic Chairman J. Howard McGrath. Thurmond, who won 38 presidential electoral votes in Tuesday's general election, declared: "The members of the Democratic party of South Carolina operate our own Democratic party." Our party is not dictated by Mr. McGrath, nor will it take dictation from him," McGrath recently recognized a pro-Truman group of Democrats in the state as the "official Democratic party of South Carolina."
